Cameron, Missouri

Press Release from Cameron Police Dept.

On April 20, 2016 at approximately 10:40 pm, Cameron Police Officers received information of a person possibly located at a residence in Cameron with a felony warrant.

Justin Hurst

Officers attempted to make contact with the subject located at 200 N. Elm Street. Contact was made with the subject who barricaded himself in the residence for a short time and refused to surrender to Officers. A short standoff took place and Cameron Officers were able to speak to the person who later surrendered and was taken into custody at 11:03 pm. Members of the Missouri State Highway Patrol also assisted with the arrest.

The subject taken into custody was Justin T. Hurst, 39 years of age, from St. Joseph, Missouri.

Mr. Hurst had two active warrants for his arrest. The first warrant was from Clay County for failure to appear (original charge possession of firearm) felony, with $80,000 bond. The second warrant from Clinton County was failure to appear (original charge of third degree assault) misdemeanor, with $1,000 bond.

Mr. Hurst was booked into the Cameron Police Department and later transported to the Clinton County Jail.

Local Man facing charges in forgery of EMT credentials

By **Annette Bauer**
Editor
editor@mycameronnews.com

Ryan Ford, former employee of the Cameron Ambulance District, was arrested and charged earlier this April, on four counts of Forgery and one count of fraudulently attempting to obtain a controlled substance in Daviess County and one count of forgery in Clinton County. Ford was a licensed Emergency Medical Technician-Basic (EMT) but allegedly altered his state licensure card to make it appear as though he was an Emergency Medical Technician-Paramedic (EMT-P). Ford changed his card with a false license number and the incorrect signature of the state EMS director.

Cameron Ambulance District issued the following statement: "We have through thorough auditing procedures determined that one of our employees has had a licensing status issue.

Upon learning of this discrepancy we immediately asked for, received and accepted this person's voluntary resignation.

We are required by state law to do quality improvement quality assurance reviews on our significant medical transports which in turn are reviewed by our mandated and highly qualified medical director. Because of the extensive EMS training this person received, we are absolutely confident that absolutely no patient care was compromised by this licensing discrepancy.

We are also working with and fully cooperating with the State licensing agency, BNDD and Medicare and Medicaid officials to get this matter quickly resolved and behind us.

Since this person voluntarily resigned, the District was not required to take any employee disciplinary action and therefore no employment disciplinary action was taken. More specifically no "hiring firing, disciplining or promoting" of any employee occurred. Therefore, the 72 hour rule in section 610.021(3) RSMo does not apply. Consequently we did not feel comfortable releasing this individual's name at any point in time, as we did not want to compromise any state investigations that might have become necessary or may be in progress."

Ford resigned from the Cameron Ambulance District in October of 2015. He is to appear in Clinton County Court in May and Daviess County Court in June.

Upcoming meetings/events

April 28

The Cameron Park Board meets in regular session at city hall, 205 North Main, beginning at 6 p.m.

Storm Spotter Training held at 7 p.m. located in the PD/FD training room at 101 W Second Street, Cameron

EDOC City Council Work Session

By **Annette Bauer**
Editor
editor@mycameronnews.com

On Tuesday, April 26 the **Economic Development** Opportunity Creation (EDOC) board and City Council of Cameron met in the lower level training room of the City Hall. The EDOC presented to the new Council what their role has been in Cameron and gave the Council information they need to decide if they want the EDOC to continue.

Pam Ice, Vice President of the Cameron Chamber of Commerce began the meeting talking about the forming of the EDOC and the Chamber's role in it. "The mission of the Chamber is building the foundation for a stronger community. There are many business owners on our board we all said - If our community starts to flounder all of our businesses suffer," Ice said. "The more businesses we can drive, the more jobs we can bring to our community, the better all of our businesses thrive. When we don't see new development we can't keep businesses. When we see businesses leaving, all our businesses suffer. "

Ice spoke about who the members of the EDOC board are – all business owners in the community, they operate with by-laws and rules for conduct. The Mayor and the City Manager are automatically members of the EDOC board. The board also includes a hired consultant – Terry Rumery.

Ice explained the reasons the board felt the need for a consultant, saying "All of us on our board are very busy, very active people and quite frankly I didn't have enough time and I don't think anyone else had enough time to fill that gap that we felt was needed and that's why we hired a consultant. He could bring expertise. He could bring contacts. He has the networking throughout the state. He understands what other communities are doing. We wanted to be competitive. He wanted to see growth and development in our community. "

Ice said, "Now we come to the recent, current events in our community. We have a new council and we thought it was probably time to come back to the Council and say, how do we fit into the Council's vision. Where does EDOC fit into your vision for the community." She went on to say, "We have thrown things up on the wall in the past, some of it stuck, some of it hasn't stuck, but we really are just the workforce of the community and you guys are the leaders of the community. So we're coming to you for guidance, for direction, for input as of what

YMCA Healthy Kids Day a success

Photo by Tori
Six bicycles were raffled off during the Cameron Regional YMCA Healthy Kids Day on Saturday. L to R: Noah Buller, Tyler Minard, Bradley Walker, Jaxson Ramsey, Logan Malott, Stormy Byers

By **Tori Marshall**
Staff Writer
editor@mycameronnews.com

The annual Healthy Kids Day was held at the Cameron Regional YMCA on Saturday, April 23, with approximately 200 people in attendance.

Children were provided with information and activities including: YMCA Kids Zumba, arts, crafts and obstacle course with the Cameron Public Library, petting zoo with Jeannette Dotson and Leslie Robinson, recycling from Region D Solid Waste District, water safety and park information from US Army Corps of Engineers, outdoor safety from the University of Missouri Extension Office and a hand washing station with the Cameron Regional Medical Center. Other participating organizations and agencies included: Cameron Ambulance District, Cameron Fire Department, Officer Kirkendoll and "Officer X" K-9 dog, KKWK Radio, MoKan Greyhound Adoption Agency, and Dr. Wyckoff Dentistry.

Mike Moore and the Cameron Optimist

COUNCIL _____from front page

you would like our board to continue, if you still want to partner with the Chamber." She went on to say, "We can continue to partner with the city or we can be distant from the city, whatever the city would like to direct."

Terry Rumery, consultant to the EDOC board for the City of Cameron, said "If you don't have economic development I can tell you for a fact that your community will die. It will continue to decline, services as you all know better than anybody, those services still have to go on, but you have to come up with the tax dollars to pay them. Need the jobs to help get some of that tax payer dollars. So this is kind of how Economic Development works, it certainly works for Cameron." He went on to speak about the many people they partner with to try to bring new business into Cameron, including the Kansas City EDOC and the state of Missouri EDOC.

Rumery explained he sees many inquiries about bringing businesses into Cameron. Often the response time he has to respond to them is as little as a few hours and on the very rare occasion, sometimes a week. There is a vast number of questions with these inquires, including locations for development, quality of life questions and work force potential. There are typically at least 100 questions and sometimes as many as 200 or more questions on these inquiries. Rumery said, "You have to realize, they are looking for reasons to exclude you, not include you."

There was a question posed by Councilman John Feighert about what exactly "quality of life" entails. Rumery said these companies are looking for the amenities in a city that will keep their management content and happy to live and work in the community. He said Cameron has been found lacking in many of those. He said these companies are also looking at items like sales tax rates. They aren't necessarily looking for a very small sales tax rate, nor a high one, but something in the median range showing the city is taking in enough sales tax to reinvest in it's community.

Rumery and other members of the EDOC board were clear that economic development takes time. Rumery said many of these companies he has worked with in the past have taken years to make a decision about whether or not they will move into a city or community. This is not a process that happens in a short amount of time.

The meeting adjourned with information given to the City Council to look over and later discuss about what incentives the EDOC would like to be able to offer the businesses looking to Cameron for development, information on labor studies and other information the EDOC has put together for the consideration of the Council.

YMCA _____from front page

Club held a bicycle rodeo, and the Missouri Conservation Department had casting lessons in the parking lot of the YMCA.

A drawing was held at the end of the event for bicycles donated by Clifton Vandeventer of State Farm Insurance, Boyles Motors Inc., Wal-Mart, R&W Container, and David Broermann of Missouri Farm Bureau. Other prizes included helmets, chalk, bubbles, balls, and skate passes.

"Thank you to James and Kristin Slatten for donating the bounce house, Dawn Gabauer and the high school students for face painting, Rusty Herring and Josh Watson for volunteering, as well as all of the YMCA staff," said Amanda Crowley, Youth and Family Coordinator/Membership Services Coordinator of the Cameron Regional YMCA.

The Crossroads Arts and Crafts show will take place from 10 a.m. – 5 p.m. at McCorkle Park.

CMU To Honor Six Alumni At Founders Weekend

70th annual awards celebration Saturday May 7

FAYETTE, MO. **–** The highest awards Central Methodist University can present to its alumni and friends will highlight CMU's 70th Annual Alumni Awards at the Founders Weekend celebration.

Six distinguished graduates of Central Methodist University will be honored during the Alumni Awards Banquet on Saturday, May 7, according to CMU President Roger Drake.

Jim Steele of Fayette will be presented with CMU's University Service Award during the event in the Jacobs Conference Center of the Inman Student and Community Center. Erin Valentine Youngs will be the 2016 Young Alumni Award recipient.

Central Methodist graduates who will be presented with the Distinguished Alumni Award include Dr. Bruce Maier, Dr. Keith Polette, Mr. Timothy Jackman, and Mr. Donn Harrison.

"This year's award recipients are excellent examples of the way in which Central Methodist University fulfills its mission," Drake noted. "We proudly proclaim that this institution prepares people to make a difference in the world. At the Distinguished Alumni Banquet, we have the opportunity to honor a few of our many alumni that have truly made a difference."

Donald "Donn" Harrison IV
Distinguished Alumni Award

Donald F. "Donn" Harrison IV has dedicated his adult life to the service of others, and that tireless effort is being honored with a Distinguished Service Award from Central Methodist University.

Harrison has been teaching kindergarten for the Cameron (Mo.) R-I school system for over two decades, and earning honors and awards – both for his teaching and for community service - for nearly that long. The Bridgeton, Mo. native is a graduate of Pattonville High School who obtained his Bachelor of Science in Education degree in Elementary Education from then-Central Methodist College in 1989. He later earned a Master of Education degree from Northwest Missouri State University.

Perhaps Harrison's greatest teaching honor, and certainly the most widely-recognized one, came in 2015 when he was named America's Top Teacher on the "Live! With Kelly and Michael" national television show.

In addition to teaching kindergarten in Cameron, he co-teaches a special education class there, announces sporting events and proms, and even serves as a school crossing guard. In the Cameron community Harrison is an Emergency Medical Technician, a volunteer firefighter, and a church volunteer. He is married to Central Methodist alumnae the former Lynette Haenssler (Class of 1988).

State Board Approves New Missouri Learning Standards

Submitted

As a result of legislation passed in 2014 (HB 1490), the the State Board of Education recently approved new Missouri Learning Standards for K-12 students across Missouri. School districts will use the new grade- and course-level expectations to develop local curriculum and lessons. According to the Department of Education "the revised Missouri Learning Standards were developed by Missourians for Missouri Classrooms. The Department staff used the feedback to align expectations between the K-5 and 6-12 workgroups." This will be the fourth set of standards passed down to school districts in almost as many years. The State has transition from the previous grade- and course-level standards to the Common Core State Standards to the first version of the Missouri Learning Standards and now onto these new standards. Please note that this becomes very frustrating work for teachers, administrators, and school districts trying to implement expectations from the State of Missouri as they seem to be ever-changing.

Along with the change in standards, Missouri will also no longer a member of the Smarter Balanced Assessment Consortium. Missouri students will still take assessments based on the previous Missouri Learning Standards in spring of 2016 and 2017. Thankfully, the online testing platform will not change for 2016 and 2017 school year. This change will occur during the spring of 2018 as new English language arts and math assessments will be available.

Notable changes to the standards include a greater emphasis on research writing in grades K-5. Cursive writing was added to the K-5 English language arts expectations. The previous standards urged legible writing, but they did not specify cursive writing. The new expectations for high school mathematics were reorganized into traditional high school math courses with very few changes. Some grade levels materials have been shuffled around, for example lessons on time and money have been moved back down to earlier grades. Science expectations transitioned from fact memorization to an application based approached using a more research based inquiry approach. The Social Studies standards place a greater emphasis on critical reading, writing and research. Missouri history was moved down from the 4th grade to the 3rd grade to allow more economics, geography and government to be taught in grades 4 and 5. Crosswalks between the old and new standards will be available by May 15.

"These standards represent thousands of hours of work, the majority of it done by volunteers," said State Board President Charlie Shields. "These are true Missouri standards, developed by Missourians, and we should be proud." Ensuring students graduate college is the primary goal of Missouri's Top 10 by 20 initiative, which aims for student achievement in Missouri to rank among the top 10 states in the United States by 2020.

Cameron Police Dept.

Taking Back Unwanted Prescription Drugs April 30

Submitted

On Saturday, April 30, from 10 a.m. to 2 p.m., the Cameron Police Department will participate in the DEA's **National Take-Back Initiative**. The National Prescription Drug Take-Back Day aims to provide a safe, convenient, and responsible means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications by ridding homes of potentially dangerous, expired, unused, and unwanted prescription drugs.

You may bring your pills for disposal to the front lobby of the Cameron Police Department at 101 North Chestnut in Cameron between the hours of 10 a.m. and 2 p.m. on Saturday, April 30. They cannot accept syringes, needles, or sharps. The service is free and anonymous; no questions asked.

The event is sponsored by the Cameron Police Department, City of Cameron Water District, Clinton County Public Water Supply District #3, and Cameron Regional Medical Center.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse, as well as accidental poisonings and overdoses. Common methods for disposing of unused medicines such as flushing them down the toilet or throwing them in the trash pose potential safety and health hazards.

De Selms Receives Award From The University of Central Missouri

UNIVERSITY OF CENTRAL MISSOURI

WARRENSBURG, MO (April 25, 2016) – Kim De Selms, Cameron, was awarded the Outstanding Business Student and Outstanding Work and Excellence in Computer Information Systems during the University of Central Missouri's School of Business Administration awards reception.

De Selms, daughter of Kendall and Cindy De Selms, is a senior at UCM majoring in computer information systems. She is a 2009 graduate of Cameron High School.

Taylor Bogle of Cameron named High Scholar at UNL

LINCOLN, NE -- Taylor Justine Bogle of Cameron was among more than 1,800 University of Nebraska-Lincoln students honored during individual college celebrations and the All-University Honors Convocation April 24 at the Lied Center for Performing Arts.

Bogle, a senior in the College of Journalism and Mass Communications, was recognized as a High Scholar.

Honorees included:

Chancellor's Scholars: students who graduated in December or who will receive their degrees in May or August and have maintained 4.0 grade-point averages on all collegiate work at UNL and elsewhere;

Superior Scholars: seniors graduating in the 2015-2016 academic year who are in the top 3 percent of their college's senior class or who have been recognized at Honors Convocation each year of their enrollment;

High Scholars: students other than Chancellor's Scholars and Superior Scholars who are in the top 10 percent of their class.

CITY WINS COURT CASE AGAINST CENTURYLINK

The City of Cameron, along with three other cities (Aurora, Wentzville and Oak Grove) was awarded summary judgment in the Circuit Court of St. Louis County, this month. The case involves back taxes that CenturyLink owes to the four communities, and was initiated several years ago. These taxes due to the City go toward the City's operation of its General Fund. The settlement amount is not yet determined, but will be significant. We will try to release more information on this important case as it becomes available. This is an important ruling for certain municipalities in Missouri.

CenturyLink, in a previous lawsuit, challenged the City of Cameron's ordinances for controlling its rights-of-way (utility corridor owned by the city). It is unknown why Cameron was singled out by CenturyLink in the lawsuit. One explanation might be that they wanted to challenge an ordinance that has been passed by only a handful of cities that specifies how cities collect rent for the use of its rights-of-way and power poles. The Eighth Circuit ruled in favor of the City of Cameron, however, and the City's rights have been preserved. I believe CenturyLink has exhausted all of its appeal options and this case is closed in favor of the City.

STREET PROJECTS UPDATE

Background: Cameron residents and visitors will see a lot of activity this month on city streets. Reconstruction of several blocks of streets will take place, along with the installation of new pedestrian access across Highway 36. These projects have been the works for quite some time. Thanks to the voter-approved Transportation Sales Tax in November, 2011, and two grants from the Missouri Department of Transportation, these projects are now funded. Although the vote was in November, it took many months for revenue to begin. These projects have been years in the planning and funding stages, since we are paying cash and not borrowing the money to complete them.

Not only will we see some of our streets rebuilt, but the existing drainage ditches will be eliminated, with new curb and gutters installed. Some sidewalks will also be replaced or installed. The Sales Tax funded streets on Lathrop, from 4th to 6th; Mead, from 6th to 8th, Harris St., from 5th to 6th, 5th St., from Harris to Lathrop; and 6th St. from Harris to Mead. The low bid was $906,000 for the project. The pedestrian access/sidewalk project is estimated at $729,219, with the City's match being approximately $321, 764. These projects are expected to begin this month. Contractors should mobilize and begin work on April 18th for the Lathrop area, and April 25th for the pedestrian access project.

Update: The contractor for the Lathrop multi-block project has begun, with the contractor clearing the right-of-way for the addition of curb guttering and storm pipe installation. The contractor doing the pedestrian access over Highway 36 is still scheduled to start on Monday, the 25th of April.

Weather permitting, we have scheduled for May 3rd, several streets that will receive asphalt treatment designed to lengthen the life of the pavement. A sealer will be applied that will help prevent water intrusion that accelerates the loss of aggregate and binding material. For a low initial cost, we can get several more years out of our asphalt overlays. This delays expensive resurfacing. These sealers do not work on streets that have already degraded, but are applied to the streets while still in fairly good condition.

The rejuvenator treatment is environmentally friendly and can be washed off cars or concrete with hot soapy water, WD-40 or a bug/tar remover.

In addition to the above projects, we are planning some asphalt overlays/repairs that are expected to take place during this construction season.

PUBLIC SAFETY BUILDING IMPROVEMENTS

A new dispatch area was completed recently, and the interior of the station received a facelift. Some of the work was done with department staff, who worked with the installers and contractors, assisting with the painting cabinet work and floor work. The new dispatch area is now designed to accommodate future growth without additional modifications.

Cameron Nutrition Center

Cameron R-I (MPP) Accreditation

Submitted

On March 7, 2016, Cameron R-1 Schools (MPP) achieved recognition of excellence through Missouri Accreditation. This distinguishes it as an exemplary program offering high quality programming to the children of Missouri.

The Missouri Acceditation of Programs for Children and Youth has awarded a Certificate of Accreditation to Cameron R-1 Schools (MPP). This certificate is granted to quality programs that offer developmentally appropriate experiences in an environment conductive to children flourishing intellectually, emotionally, socially and physically.

Cameron R-1 Schools will be included in the 'Directory of Accredited Programs" located on the Missouri Accreditation website if the program selected that option. This directory, which serves as a useful guide to parents seeking a high quality program for their children, may be reached at www.moaccreditation.org.

The community of Cameron, MO is fortunate to have a program such as Cameron R-1 schools available to serve its families.

Marie Rosella Wages Nordyke
1913-2016

INDEPENDENCE – Marie Rosella Wages Nordyke, 102, was called to her eternal resting place Friday, April 8, 2016.

Marie Rosella Anderson was born on December 16, 1913, the daughter of Edwin P. and Blanche M. Anderson a pioneer farmer and rancher family near the small town of Albin, Wyoming. She grew up engaged in the many activities associated with first generation pioneer life on prairie land in SE Wyoming. She especially enjoyed riding the pony her father purchased for her when she was only 10 years old. Marie often told how thrilling it was to feel the wind blowing through her hair when at a full gallop on her pony.

A young man appeared in Marie's life when Fred Wages came to the Anderson homestead from Colorado seeking employment. He was hired with the provision that Fred would attend Albin High School to get his diploma. Fred graduated and was offered a scholarship to the University of Wyoming. Rather than going on to the University, Fred chose to continue working as a farm and ranch hand while courting Marie. This successful courtship resulted in their marriage in Fort Collins, Colorado on April 21, 1935.

Soon after their marriage, Fred took a job working on the railway mail for the US Postal Service on a route from Denver, Colo to Ogden, Utah during which time they resided in Denver. About a year later, they returned to the Albin area to resume farming for the next 3 years during which time they became parents of their first son, Sherrie Raymond.

In 1941, they moved to Orchard Valley, a suburb of Cheyenne, where Fred began his full-time career as a mail carrier, first carrying a foot route in Cheyenne then carrying the first rural route out of the Cheyenne Post Office.

While living in Orchard Valley, two more sons were born to Fred and Marie, Norman Gary and Dwight Eugene.

After moving to the Bell Ranch a few miles west of Cheyenne for the 1948-49 school year and then into Cheyenne for the 1949-50 school year, Fred and Marie made the decision to move to Cameron in the summer of 1950. Fred traded routes with a rural mail carrier in Cameron. This move was motivated in large part by their desire to live in a community where there were many more members of the RLDS church.

After living in a classic old farmhouse for 21 years, Fred and Marie moved into the new house they built in Cameron in the summer of 1971. In the fall of 1987 they moved to Independence. They were only able to enjoy living together in their Independence home for about two years prior to Fred's death on June 16, 1989.

Marie continued living as a widow until being courted by a kindly widower who also attended her church, the South Crysler Restoration Branch. On August 22, 1993 Marie was married to Dalton Nordyke. They first consolidated into Dalton's house and sold Marie's home, but within a year they also sold Dalton's house and moved into a very attractive apartment in Independence. Eventually they determined that their life style could be improved by moving to a very comfortable apartment at The Fountains at Greenbrier in Independence.

At the age of 94, Marie again faced widowhood following Dalton's death on October 13, 2008. She continued living in her apartment with special celebrations for her 100th and 101st birthdays. For her 100th birthday, Marie was granted her 'one birthday wish', to go horseback riding. She was accompanied by family and friends to The Big River Ranch in Lexington to saddle-up for an exciting ride on a fine cow-pony. All cheered as she rode around the arena outfitted with pink cowboy hat and riding gloves.

Marie will be remembered for being a loving wife, mother, grandmother, great-grandmother and friend. Marie was known to be an excellent homemaker who prepared delicious meals, especially her lemon pie. Wherever she lived, Marie was dedicated to growing beautiful flower and vegetable gardens. In later years she began to display her special artistic talents, whether working with pottery, copper, painting, knitting, and embroidering. Marie had also served her church and community in a variety of capacities including serving as Women's Leader for the RLDS "Daughters of Zion" while living in Wyo and Cameron, and as leader of "The Orioles Girl's Club" in 1975-77. She was active in the Extension Clubs in Wyo and Mo, was President of the 'Today's Women Club', The Fun and Facts Hobby Club, the Independent Club from 1970 to 1974, and twice President of the Federated Women's Club. She also served in various offices including President of the Cameron PTA and was a Red Hatter at the Fountains. Marie was preceded in death by her parents and her three younger brothers, Edwin A Anderson, Ivan A. Anderson and Marvin D. Anderson.

Marie is survived by her three sons and their families. Oldest son Sherrie Raymond and his wife Eleanor Jean (Vander Ploeg) of Franklin, Wis and their two sons: Stephen Randall Wages and his wife Shannon and daughter Emily Claire; David Ellis Wages and his wife Deborah. Middle son Norman Gary Wages and his wife Lynette (Deaver) of Independence, Mo and their two children: son Ronald Jeffrey Wages and partner Nick Pappas; and daughter Dr. Liana Marie Wages-Nichols and her husband Adam Nichols and their son Hayden Deaver Nichols. Marie's youngest son Dwight Eugene Wages and his wife Diana (Perry) of Crossville, Tenn and their two children: their daughter Heather Erin Zimmer and her husband Collin Zimmer; son Eric Nathan Wages and his wife Margaret.

A private graveside service was held in Cameron. Marie's firm faith in Jesus Christ and her living testimony as a servant of her Lord will be remembered by all who had the privilege of her love and friendship. Donations in Marie's memory can be sent to South Crysler Restoration Branch, 16101 Salisbury Rd, Independence, Mo 64050.

Bobby Johnson
1958-2016

MAYSVILLE - Bobby Joe Johnson, age 57, the son of Paul and Gladys Johnson was born July 20, 1958 in Macks Creek, MO and passed away April 22, 2016.

Bobby ran a Auto Mechanic Shop in Cameron, Missouri and was Semi Truck Parts Specialist for many years.

Survivors include 2 children, Bob (Jennifer) Johnson, Gallatin; Shawna Johnson, Cameron; 2 brothers, Burley Johnson & Richard Johnson; 1 sister, Norma Gardner; and 4 grandchildren.

Cremation under direction of Turner Family Funeral Home. Memorial Gathering: 1:00 to 5:00 p.m. Saturday, May 7, 2016 at Independent Farmers Bank Community Room in Maysville. Memorial Contributions: Love Offerings to Family.

Robert "Dean" Orr
1933-2016

HAMILTON – Robert "Dean" Orr, 83, passed on April 19, 2016.

Survivors: Wife, Donna; Children – Mark, Diana Morgan, and Brad; 6 grandchildren; 6 great-grandchildren; and sister, Lois Foster.

Visitation was held April 22, 6 to 8 p.m. at the Kingston Church of the Nazarene. Funeral was held April 23, 11 a.m. at the church. Internment was held at the Kingston Cemetery. Memorials can be made to the church.

Gene Hankins celebrated his 94th birthday among family and friends at Grindstone Valley Winery in Osborn. Gene grew up in Osborn on a farm that his father owned north of town. He, along with his three brothers, honorably served in World War II. Nearly 90 people attended the party, which was lively, and full of love and friendship for a special man. Gene's sons Tom, Bob, and Bill posed for pictures and enjoyed visiting with guests. When Gene was asked what his secret was to a long life he simply said, "You got to make life worthwhile."

Area youth compete in district agriculture contest at Northwest

MARYVILLE, Mo. – More than 1,200 students from 53 northwest Missouri high schools competed April 5-6 at Northwest Missouri State University as its School of Agricultural Sciences hosted Northwest District Agriculture Career Development Events.

The annual contest is coordinated and facilitated by members of the Northwest agricultural sciences faculty, staff and students. Events take place on the Northwest's R.T. Wright University Farm, the Maryville Community Center and the Ed Phillips Memorial Arena.

"The success of this huge undertaking is due to the excellent work of Northwest faculty and staff, district agriculture teachers, Northwest students and members of the Maryville community," said Jackie Lacy, a Northwest instructor of agricultural sciences.

The top-ranking teams in each category are listed below.

CHS hosts second home met

Photos Courtesy of Marlene Jackson

By **Payton Kearns**
Sports Writer
editor@mycameronnews.com

The Cameron boys and girls track teams hosted their second home meet, the 2016 Cameron Relays, at Dave Goodwin Field on Tuesday, April 19. The Dragons ranked seventh overall with a score of 49, while the Lady Dragons ranked sixth with a score of 65.

Senior Morgan Choate earned a first place finish in the Women's 100m Hurdles event with a time of 16.43, for the team's only track event win. Choate also placed sixth in the Women's 100m Dash with a time of 13.49 and fifth in the Women's 300m Hurdles with a time of 52.08.

In other track results, Sophomore Bianca Lopez placed seventh in the Women's 100m Dash with a time of 13.52. Senior Devin France placed sixth in the Men's 100m Dash with a time of 11.71. Freshman Khayla Hollingsworth placed second in the Women's 200m Dash with a time of 28.20, and second in the Women's 400m Dash with a time of 1:04.24. Sophomore Tristan Michaelis placed second in the Men's 400m Dash with a time of 53.58 and third in the Men's 800m Run with a time of 2:10.11. Junior Hannah Robinson placed fifth in the Women's 800m Run with a time of 2:36.17 and eighth in the Women's 1600m Run with a time of 6:12.81. Freshman Nicole Jackson placed fourth in the Women's 1600m Run with a time of 5:55.99 and second in the Women's 3200m Run with a time of 13:04.84. Sophomore Jacob Barbee placed third in the Men's 3200m Run with a time of 11:02.68. Senior Nathan Jackson placed eighth in the Men's 3200m Run with a time of 11:40.27 and Freshman Kenzie Terhune placed eighth in the Women's 300m Hurdles with a time of 54.01.

Five Cameron Relay teams also earned placement. The Women's 4 x 100m Relay team placed fourth with a time of 54.27. The Women's 4 x 400m Relay team placed seventh with a time of 4:43.30 and the Men's 4 x 800m Relay team placed sixth with a time of 9:06.84.

Senior Levi Marlay earned Cameron's only field event win, placing first in the Men's Shot Put with a distance of 49' 1". Marlay also placed eighth in the Men's Discus Throw with a distance of 111' 4.5".

In other field results, Freshman Kenzie Terhune placed sixth in the Women's High Jump with a distance of 4' 6" and eighth in the Women's Triple Jump with a distance of 28' 2.5". Junior Joe Zinkand placed third in the Men's Pole Vault with a distance of 11' 6", and Junior Matthew Simmons placed fourth in the Men's Javelin Throw with a distance of 119' 8".

CHS Senior Battles CRPS

By **Payton Kearns**
Sports Writer
editor@mycameronnews.com

Complex Regional Pain Syndrome (CRPS) or Reflex Sympathetic Dystrophy is a very painful type of amplified musculoskeletal pain. It often affects a limb, but can cause pain anywhere on the body. This condition is usually developed after an injury. Pain is increased due to the abnormal firing of nerves, which sense pain and control vascular tone, and the amplified pain signal. The affected part of the body can become cold, blue or purple, and swollen due to decreased blood flow.

For Cameron High School Senior Nathan Jackson, symptoms of this condition made themselves known after breaking two bones in his foot during his freshman year. The injury occurred due to excess running and overuse of the foot. A complication with a surgery led to the development of CRPS in Jackon's foot over the course of a year. Jackson experienced color change, swelling and unwarranted pain, and was diagnosed during his 2-week stay at Mayo Clinic Pain Rehab Center in Rochester, Minnesota.

Prior to his injury and diagnosis, Jackson was active in basketball, swim team, cross country, and track.

"I didn't think I would ever walk again. I didn't know if I would, for sure, ever run again." Jackson said.

Not only did CRPS bring Jackson's high school sports career to a halt, it hindered nearly every aspect of day-to-day life. The CHS Senior was left unable to walk, wear a shoe, put his foot in water, or have anything touching his foot/leg even after spinal injections, hospitalizations, and other drug treatments.

"I couldn't do anything." Jackson said.

After a year and a half of not being able to walk, Jackson had developed severe osteopenia and atrophy in his leg. Unsuccessful treatments led to Jackson's Mayo Clinic doctors referring him to the

Photos Courtesy of Marlene Jackson

Rehabilitation for Amplified Pain Syndromes (RAPS) program at Children's Mercy Hospital in Kansas City, one of only eight programs in the world. Jackson exceeded the program's typical 3-4 week duration, staying for 11 weeks in the fall of 2014. Daily treatment included intense physical and occupational therapy, desensitization, and stress management.

Continued therapies, along with being paired with a Children's Mercy Hospital Physical Therapist, began to make the difference Jackson needed in order to regain his ability to walk and run.

"I didn't like it, but I just had to go through it." said Jackson. "I did more therapy, and eventually I got enough range of motion back to make [running] possible."

Jackson was released to run on his own at the end of 2015, and is currently back to running track. He continues his exercises, along with daily therapies, in hopes to someday reduce or eliminate pain.

Golf team competes in Invitationals

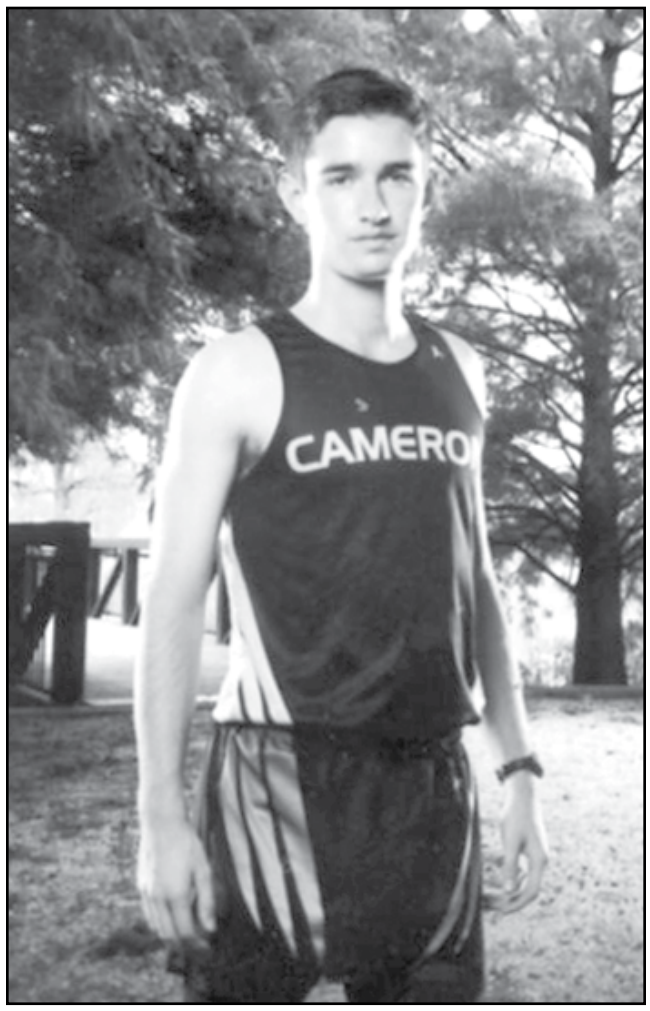
By **Payton Kearns**
Sports Writer
editor@mycameronnews.com

The varsity boys golf team traveled to Chillicothe and Richmond last Thursday and Friday to play back-to-back Invitational Tournaments.

The Chillicothe Invitational Tournament was held on April 21 at Green Hills Golf Course. Cameron placed third overall, with a team score of 336, behind St. Pius X's 325 and Savannah's 330. Junior Chase Foreman shot a 42 on the front nine holes and a 39 on the back nine for a total of 81. Sophomore Sam Morrison shot a 38 on the front nine and a 45 on the back nine for a total of 83. Sophomore Spencer Teel shot a 44 on the front nine and a 41 on the back nine for a total of 85. Senior Tanner Slover shot a 41 on the front nine and a 46 on the back nine for a total of 87, and Sophomore Kyler Hill shot a 49 on both the front and back nine for a total of 98. Chase Foreman's 81 led him to a seventh place individual finish, and Sam Morrison's 83 allowed him to tie for a ninth place individual finish.

The Richmond Invitational Tournament was held on April 22 at Shirkey Golf Course, par 71. Chase Foreman shot a 45 on the front nine and a 39 on the back nine for a total of 84. Sam Morrison shot a 41 on the front nine and a 36 on the back nine for a total of 77. Kyler Hill shot a 48 on the front nine and a 47 on the back nine for a total of 95. Spencer Teel shot a 51 on the front nine and a 44 on the back nine for a total of 95 and Tanner Slover shot a 46 on both the front and back nine for a total of 92. Cameron placed eleventh, with a team score of 348, out of 22 teams. Sam Morrison secured a tie for a tenth place individual finish with his 77 score.

The team will travel to Savannah on Thursday, April 28.



Submitted

Sam Evans, Senior at Cameron High School, made Academic All State for 2015-2016 Cross Country. Guidelines for Academic All-State include: the athlete must have competed in a state series meet. Sam competed at the state level in both 2015 & 2016. Athlete must also meet one of the other following criteria: 25 or higher on the ACT; 1150 or higher on the SAT; 3.6 cumulative GPA at the end of the fall semester.

Dragons go 2-1 in Pony Express Tournament

By **Payton Kearns**
Sports Writer
editor@mycameronnews.com

The Cameron varsity baseball team went 2-1 in last week's Pony Express Tournament in St. Joseph.

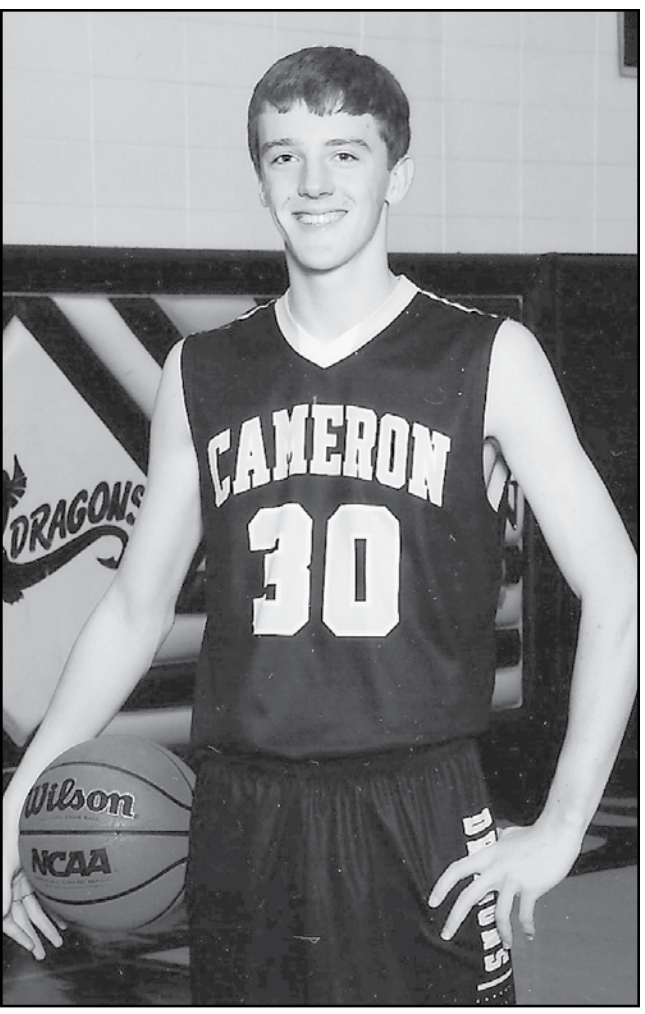
On Tuesday, April 19, the Dragons fell 13-3 against Lafayette's Fighting Irish. The opposing team took immediate control of the game, scoring five runs in the first inning. Runs continued to trickle in throughout the fourth, fifth, and sixth, innings, and the Dragons, scoring two runs in the third inning and one in the fourth, were not able to keep up, and were handed the loss for the first game of the tournament.

Despite this initial loss, Cameron's tenacity prevailed on Thursday, April 21, as they ended their 19-year losing streak against the Benton Cardinals. The Dragons racked up 11 points in the first four innings, giving the team the momentum needed to secure the victory, as they held the Cardinals to a mere 7 runs for a final score of 11-7.

The Dragons ended the tournament with a 2-1 record subsequent to their second win on Friday, April 22 against the Harrisonville Wildcats. The Wildcats put three runs on the board in the top of the first inning, and were quickly silenced by Cameron's six runs in the bottom of the first. After several additional points by both teams, the game ended with a Cameron victory with a score of 10-6.

"After a rough pitching night against Lafayette, our pitchers threw a lot of strikes and gave us a chance to compete against Benton and Harrisonville." said Head Coach Nathan Moore. "In high school baseball it's about pitching strikes and playing solid defense. When we do that well, we will be in good shape. Our offense has been pretty solid all season, and we look for that group to only get better. We changed our offensive approach at the plate. We got ourselves into some very friendly hitters counts and capitalized. Tyler Gerber hit a grand slam home run against Harrisonville his second homerun of the season. Parker McGinnis also hit his third homerun of the season during the tournament."

This week, varsity plays in Chillicothe for a three game tournament which begins at 2:30pm on Friday, April 29.



Submitted

Andrew Pratt, Senior at Cameron High School made Academic All State for 2015-2016 Basketball. Guidelines for Academic All-State include: 1. Senior standing; started 90% of his or her team's games or played in 75% of the total team quarters played; possesses outstanding moral character; has one or more of the following verified minimum scores: A. ACT score of 27 composite or above B. SAT score of 1920 composite or above C. PSAT score of 185 selection index or more; grade-point average of 3.25 out of possible 4.0.

Missouri State Parks celebrate 100 years with Centennial Passport

By **Annette Bauer**
Editor
editor@mycameronnews.com

This year, Missouri State Parks celebrate their 100th anniversary. The park system was officially established on April 9, 1917 and since then, the system has grown to include 88 state parks and historic sites throughout the state.

As part of the celebration, Missouri State Parks is encouraging residents to get a Centennial Passport and head "out on an adventure."

The Centennial Passport is a spiral bound book with colorful pages including pictures and information for every state park and historic site. There are maps of where to find the sites and parks and a legend for each park to show what facilities are available. Each park has its own stamp to apply to the book.

Passports can be purchased online or at any of the state parks – at the same place where you can have it stamped. At Wallace State Park, the book can be purchased at the Camper Check in – next to the Shower House in the Camping Area. You can also acquire the Wallace State Park stamp at the time of purchase. The Passports cost $5 plus tax.

From the Mo State Parks Website, "Buy a passport book online at http://mostateparks.com/shop/passport.html or at a state park or historic site gift shop near you. To complete the passport, participants must obtain a stamp from all 88 state parks and historic sites by Oct. 31, 2017. The first 1,000 participants to complete the passport will receive a Missouri State Park Centennial backpack sponsored by Bass Pro Shops. All participants to complete the passport will be entered into a drawing for one of five Missouri State Parks vacation packages."

A physical passport book is not the only way to participate in the passport program. The Mo State Parks website states that participating via digital passport is also available. "The digital passport is available free of charge by registering online. To complete the passport, participants must obtain and enter a code from all 88 state parks and historic sites by Oct. 31, 2017. Digital passport participants will be entered into monthly drawings for Missouri State Park gift cards and merchandise. All participants to complete the passport will be entered into a drawing for a Missouri State Parks vacation package."

All the official rules of both passport programs and additional information on where to find the stamping stations at all the state parks is available on the Mo State Parks website - https://mostateparks.com/passport.

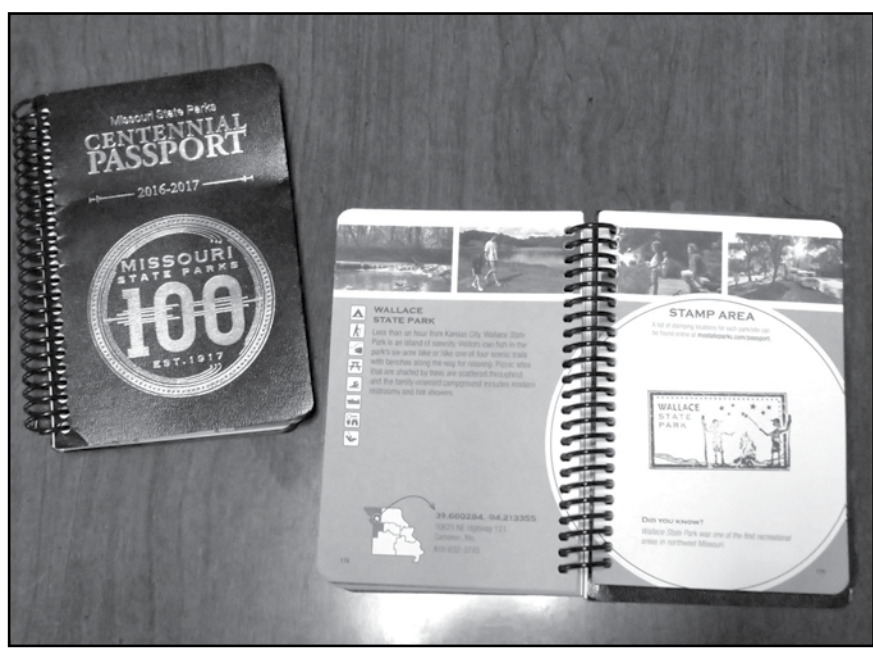


Photo by Annette Bauer

Turney Historical Society holds fundraiser

Submitted

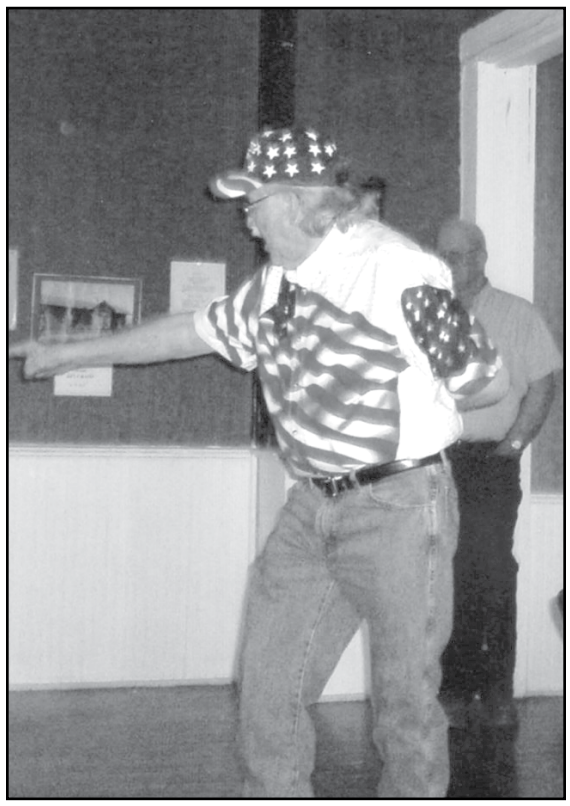
The Turney Historical Society had a successful fundraising event at The Turney Community Center (old schoolhouse) Sunday, April 17, 2016, 100+ people attended, had a great time and enjoyed good spaghetti, salad, garlic bread and desert.

We sold raffle tickets on a queen size quilt, that was embroidered and hand quilted. This quilt had been auctioned at the Cameron Senior Center purchased by Grace Daniels. She donated it to the Historical Society to sell more raffle tickets. The winning ticket was Carol Bennett of Lathrop. Carol purchased the ticket from Mrs. Daniels wile attending Dr. Kyle Beane's Chiropractic Office, at Lathrop.

The special part of the day was Larry King auctioning off homemade pies, farm fresh brown eggs, tools, IH piggy bank, calculators, gift cards, live plants and silk arrangements.

Thank you for all donated items for auction. Thank you for attending this annual event. Thanks to all the people who worked making this a rewarding effort. The proceeds were very much appreciated and will be used to repair the foundation on this building.

Our building is available for rent. Call Grace at 816-632-3555.



Larry King served as auctioneer at the fundraising event held April 17 at the Turney Community Center.

Radio A Thon benefits Camp Quality

Photo by Annette Bauer

Derek Williams hosts Camp Qualitys 31st annual Radio A Thon.

By **Annette Bauer**
Editor
editor@mycameronnews.com

On April 21, KKWK 100.1 FM broadcast the 31st annual Camp Quality Radio a Thon. Derek Williams hosted the broadcast and made a pledge to completely shave his head when donations reached $25,000, a pledge he followed through on later in the day. The total amount raised for Camp Quality was $25,500.

From the Camp Quality website: "Camp Quality is a summer camping experience and year-round support program for children with cancer. Many difficult physical and emotional challenges face a child, and his or her family, when battling cancer. At our summer camps we have developed an important type of "therapy" . . . we like to call it Smile Therapy! With a laugh in their hearts and smiles on their faces, Camp Q. Kids find themselves capable of more than they may have dreamed possible."

Camp Quality will have several other fundraising drives leading up to the camp itself, which will be held at Camp Farwesta, near Stewartsville, in June. The theme of this years camp will be "Around the World in 6 Days".

Keep up with all the Camp Quality news, donate, or sign up to volunteer on their website http://www.campqualityusa.org/nwmo.

Meet The Village People

Meet Barbara Negus, born January 17, 1955 in Kansas City. Retired after 27 years as a housekeeper; worked 15 years at Adams Mark when Royals won the series.

She likes to crochet, attend church sing-a-longs and bible studies. Has been at The Village 3 months and enjoys the fellowship, friendship and family atmosphere. They treat you well!

Barbara enjoys the Cameron community but thinks the town needs more activities for families and shopping centers.

A group of community volunteers spent Saturday morning cleaning up the premises around the Green Hills Women's Shelter. To make the property look nice, the group pulled weeds, planted flowers, and raked the lawn, along with other yard work activities.

Sabrina Lovejoy organized the event through her facebook page, Fixing Up Cameron.

"This is the second time we have come here to do a yard work day," said Lovejoy.

"We did it last year and we decided to pick it back up again this year and make the yard look nice."

CVMGC to host Course Benefit Tournament

Submitted

The Cameron Veteran's Memorial Golf Club (CVMGC) will be hosting their annual Course Benefit Golf Tournament on Saturday, April 30th. It will be a 2-person scramble format & the cost is only $25 per person (plus cart, if needed). This benefit tournament, like most others hosted here, is open to anyone who would like to play!

Registration/check-in will be at 12:30 p.m. and tee-off will be at 1:00 p.m. If that day & time doesn't work well for you may play earlier in the week. Please call the clubhouse at 816-632-2626 or e-mail staff at admin@camerongolfclub.com to sign-up or schedule an alternate tee time.

In addition to the golf tournament itself, there will also be a raffle & silent auction Saturday. You don't have to play to take part in the raffle or silent auction, so stop by the clubhouse if you want to participate in those!

We are also still accepting sponsors for this event. There are 4 sponsorship levels available. Of course, the more you donate, the more bang you get for your buck!

BOGEY BUDDY – $25 - $99 – Just because you care!

BRONZE Sponsor – $100 - $249 – Hole Sponsorship

SILVER Sponsor – $250 - $499 – Hole Sponsorship, one (1) two-person team entry, and acknowledgement of your generosity on the sponsor's banner; which will remain on display in the clubhouse the entire year.

GOLD Sponsor – $500 and up – Priority Hole Sponsorship, two (2) two-person team entries, and acknowledgement of your generosity on the sponsor's banner; which will remain on display in the clubhouse the entire year.

If you're interested in being a sponsor or donating items/gift certificates for the silent auction please call Fred Kling at 816-632-8189 for more information or to make arrangements to have items picked up. (Donated items may be counted towards the above sponsorship levels.) He will accept hole sponsorships &/or donations right up until tee off time.

We have a long project list of much needed improvements that totals over $350,000 and the proceeds from this event will provide a small portion of the funds needed for them.

The Cameron golf course is a huge asset to this community & your support at any level would be greatly appreciated.

PROJECT PROM THANKS!

The Cameron High School Junior Class would like to thank the following for their donations, support and participation in the CHS After Prom, 2016. We truly appreciated your generosity in providing us with this opportunity. After Prom is a parent organized event to provide a safe and fun environment for the youth of CHS following Prom. Over 150 students were in attendance and everyone went home with memories and a gift.

Back Row; Rachelle Calvert, Angie Hermanson, Kim Way. Front Row: Sandy Eldridge; Kendra Bradley.

Submitted

The Board of Directors at a recent Board Meeting promoted Branch Manager Angie Hermanson to full Vice President and Branch Manager of the bank's north facility.

Angie has been with the bank for over 18 years. She started as a teller, new accounts representative, personal banker, loan functions, Assistant Vice President and Branch Manager of the north facility.

Angie is from Carrollton, MO. She graduated from Carrollton High School and State Fair Community College in Sedalia, MO. She was raised on a farmin Carrollton and still helps her dad with his cow/calf operation. In addition, Angie and her husband Troy, live on a farm just north west of Cameron in DeKalb County. They also have a cow/calf operation.

Her husband Troy is employed as Operations Manager of Farmer's Electric Cooperative in Chillocothe MO.

Angie and Troy have two sons. Tanner is a Freshman in Cameron High School and Tucker is in the 6th grade in the Cameron School System.

Her boys are active in farm related activities and love to play baseball. Angie is the Secretary for the Cameron Ag. Supporters.

The Board is pleased to have Angie as part of the team and welcome you to stop by, meet and get acquainted with her.

Evans places second in agricultural services proficiency award area

COLUMBIA, Mo. – Sterling Charles Evans of Lathrop, Mo., received the second-place Agricultural Services Proficiency Award at the 88th Missouri State FFA Convention.

Evans, a senior at Lathrop High School, is the son of Stacey and Dana Evans. He is a member of the Lathrop FFA Chapter. His chapter advisor is Greg Hale.

Evans' supervised agriculture experience program consists of mowing pastures and custom hay baling. His duties include mowing pastures, raking hay, managing wages and payments, and customer service. He leases equipment from his parents and pays his uncle to bale the hay. He charges customers by the acre for his services.

Evans as competed in the farm management, dairy cattle judging and agricultural sales career development events. He as attended the LEAD (Learn, Educate, Advance, Develop) Conference, Greenhand Motivational Conference, and national and state conventions.

Outside of FFA, Evans is the president of the Speech and Debate team, served as class president, and is the co-captain of the academic bowl team. He is the President of the Lathrop National Honor Society Chapter, and has been in band for all four years of high school.

After graduation, Evans plans to study finance and plan science at the University of Missouri in Columbia, Mo. He hopes to become a financial analyst at a large agricultural company upon graduation.

Proficiency awards recognize FFA members who excel as agricultural entrepreneurs, employees or experience, volunteers while gaining hands-on career experience. Agricultural Services is one of 48 proficiency award areas recognized at the state level. Relevant Classroom of Lake Ozark, Mo., sponsors this award.

The Missouri FFA has 25,920 members representing 340 chapters. The national organization has more than 626,000 members representing 7,757 chapters in all 50 states, Puerto Rico and the U.S. Virgin Islands.

The FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

Sterling Evans

Local Branch Manager receives certification in advanced training

Pictured (from left): Ryan Danner, Branch Manager, Cameron, MO; Brian Ransom, General Manager of Operations - East

Submitted

CLEARY BUILDING CORP. would like to congratulate Ryan Danner, Branch Manager at the Cameron, MO, sales and construction office, on receiving his Masters of Branch Administration certification from Steel Wood University.

Steel Wood University is an extensive training program designed to teach both new and veteran employees the fundamentals of success at Cleary Building Corp. The week long course includes training on leadership, accountability and customer service.

Cleary Building Corp. is a nation-wide leader in customized pre-engineered buildings. Building applications include commercial, residential, suburban, farm and equine facilities along with metal roofing and re-roofs. The buildings consist of a wood frame with pre-painted steel panels used for roofing and siding. Cleary Building Corp. is proud to offer a lifetime paint warranty. This type of building provides for a long-lasting, low-maintenance and cost effective structure.

Free Paint

Submitted

Region D Recycling & Waste Management District recently completed a household hazardous waste collection. Latex paint was collected for reuse. The recycled paint is bulked into 5 gallon buckets. The paint colors are bulked into white, light and dark colors.

The paint is available free on a first come basis. In the past, the paint has been used by community theater groups, the Lions Club park project, 4-H Clubs and by community betterment projects.

To receive your free recycled paint, call Brenda Kennedy at (816) 393-5250.

CVMS informational night well attended

Gabrielle Olhman, senior at Cameron High School, shows Hayden Johnson how to play the French horn during the band "petting zoo".

By **Tori Marshall**
Staff Writer
editor@mycameronnews.com

Cameron Veterans Middle School (CVMS) welcomed 120 fifth graders and their parents to an informational night on Tuesday.

Tiffani Collins, CVMS principal, said she had exceeded her goal of 100 people participating and was pleased with the turn out.

Students were presented with information on the changes they face when coming to the new building and were also able to explore their classrooms. A band "petting zoo" was set up for students who are interested in joining the band. They were able test out each of the different interments and decide what they would prefer to play.

Allen Whitt, Cameron - driver failed to wear properly safety belt, $10

Cameron Municipal Court has joined the State Justice Information System and offers the following to the public. Public information is available on the Internet at www.courts.mo.gov/casenet. The public will be able to view the court calendar information and specific case information including party name, issuance and service of warrants and summons. Scheduled hearings, trials, pending allegations or charges where defendant is found guilty, and sentence information.

Closed cases are not available to the public.

Corrections:

In the April 21 edition of the Citizen-Observer, in the Cameron City Council article - Barbara O'Connor was misidentified as a Councilman - she is actually the Cameron City Clerk. Her name was also misspelled. We sincerely apologize to Mrs. O'Connor and the citizens of Cameron for the misinformation.

In the School Board Article - David Schmitz is listed as having been re-elected to the school board of education. The name should have read Doug Schmitz. We apologize for any inconvenience and confusion this caused.

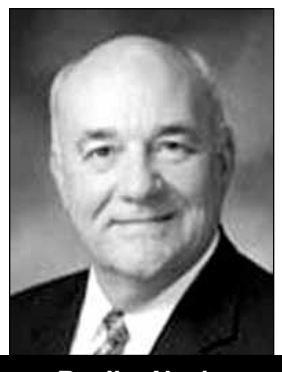
Capitol Report



By Jim Neely
State Rep., 8th District

Greetings Friends of the 8th Legislative District! The days are getting longer and longer here at the Capitol as we work to finalize proposed legislation as the session deadline approaches. Bills that have not yet made it out of committee do not have a real chance of making it to the governor's desk due to the complexity of the process. This week I was contacted by FOX News out of Washington, D.C. for a skype interview on trial drugs and the length of time it takes to meet FDA approval. I have previously filed bills on this topic and hope that we can soon come to some kind of consensus on how can help individuals who have no other viable options.

House and Senate Complete Fiscal Year 2017 State Operating Budget

After long hours of discussion and compromise, the Missouri House and Senate came to a final agreement on the state operating budget for the upcoming fiscal year that begins in July of this year. In its final form the budget checks in at $27.26 billion. Because the House had based its original budget on a more conservative revenue estimate than was used by the governor and the Senate, the House version also contained a surplus revenue fund to capture any additional revenues that would come in above the estimate. The compromise version of the budget does away with the surplus revenue fund and instead is based on a slightly higher revenue estimate than was originally used by the House. The end result is a fiscally responsible spending plan based on realistic revenue projections that makes wise use of taxpayer dollars.

Highlights of the Fiscal Year 2017 state operating budget as it now heads to the governor's desk to be signed into law:

- $70.3 million increase for the Foundation Formula, which funds K-12 public schools
- $5 million increase for K-12 transportation
- $537,000 in additional funding for the Parents as Teachers Program to be dedicated to struggling school districts
- $37.2 million increase in performance funding for Missouri colleges and universities, which includes approximately $17.8 million in new funding for the University of Missouri System. The budget also includes a $3.8 million cut to the MU system's administration.
- $750,000 to fund a commission to review the MU system's administrative structure, campus structure, auxiliary enterprises structure, degree programs, research activities, and diversity programs.
- $3 million to assist the University of Missouri – Kansas City and Missouri Southern in a joint project to create a dental school in southwest Missouri
- $4 million increase for the Access Missouri need-based scholarship program.
- $2.5 million increase for the A+ Scholarship program
- $500,000 increase for the Bright Flight scholarship program
- $2.5 million for 2015's Dairy Revitalization Act
- $4.55 million increase for business startups through the Missouri Technology Corporation
- $1 million to open five new trade offices to help promote international trade and Missouri agriculture
- $20 million to revive the state cost-share program to fund transportation projects
- Increase Medicaid provider rates by three percent
- $4.3 million for the Alternatives to Abortion program
- Two percent pay increase for state employees
- $500,000 for a pilot project to utilize current technology to allow for better monitoring of offenders on probation and parole
- $600,00 for the Missouri State Highway Patrol to hire and train 10 additional troopers
- $4.1 million to improve technology for local sheriff's departments

Ethics Proposals Continue to Move Forward (HB 1983 and HB 1979)

The Missouri House continued to make good on the promise made by the House Speaker as it saw another piece of ethics reform legislation signed into law this week. During his Opening Day Address, House Speaker Richardson made it clear that the top legislative priority for the House would be substantive ethics reform. House members then moved quickly to send seven single subject ethics bills to the Senate.

The bill that is set to become law on August 28 will prohibit statewide elected officials, members of the General Assembly, and candidates for those offices from receiving compensation as political consultants who are paid for profit to engage in specified political activities on behalf of other individuals holding office as statewide elected officials or members of the General Assembly.

The sponsor of the bill said the measure is essential to "safeguard public trust in elected officials" and called the bill an important first step. He added that he thinks it is important for people to trust that their public servants are "here for the right reasons, not to profit and make personal gain from their public office."

Also this week, the Senate gave final approval to another piece of ethics legislation and sent it on its way to the governor's desk. The bill requires members to wait six months after their term expires before becoming a lobbyist. If signed into law, the bill will add Missouri to the list of more than 30 states that require a waiting period before a lawmaker can become a lobbyist.

Improving Access to Effective Medications (SB 875)

Earlier in the legislative session the Missouri House approved legislation to proactively update Missouri's pharmaceutical laws to provide citizens with better access to effective medications. While that bill continues to work its way through the Senate, this week the House approved an identical Senate bill that is now on its way to the governor's desk to be signed into law.

The legislation is meant to help Missouri keep pace with the rapidly advancing technological developments available in health care. The goal of the bill is to give Missourians better, more affordable access to interchangeable biological products, which are similar in nature to the generic versions of traditional medications. These products are used in the treatment of chronic conditions such as rheumatoid arthritis and various forms of cancer.

Missouri law currently allows for the safe substitution of generic medications, but the law does not allow for the substitution of biological drug products. The legislation that is now one step from becoming law would simply update Missouri's law to allow for the safe substitution of interchangeable biosimilar medications. It's a move that 20 states have already made to improve access to these affordable medications that have been proven to be safe by rigorous FDA testing.

Supporters of the bill say it will give Missourians access to the least expensive versions of the medications they need. They point out that approximately 40 biological medications are currently in development and that it is important to ensure Missourians will have access to these medications. They also note the move could generate approximately $12 million in savings for the state.

Education Funding Bill Receives Final Approval (SBs 586 & 651)

The House and Senate have given final approval to legislation that would reinstitute a cap on the amount the state needs to provide each year to the foundation formula that funds public schools in Missouri. The House approved legislation last week that included the cap as part of a broader education reform package. The legislation approved this week, which is now on the way to the governor's desk, focuses primarily on the funding cap.

Under current law, the funding formula increases each year, and even as the legislature increases school funding, it continues to falls short of the amount called for by the formula. The funding plan previously had a five percent cap in place to control the rate of growth, but the cap was removed by the legislature in 2010. The sponsor of the bill has said putting the cap back in place would give the legislature a realistic chance to fully fund the formula in future years.

Despite the fact the legislature has approved an increase of more than $70 million for the foundation formula in the Fiscal Year 2017 budget, the formula calls for an additional $550 million in funds. In addition, without the cap in place, the formula would grow by another $400 million next year. Lawmakers who supported the change said the cap will put an attainable level of funding in place for the legislature going forward. They said setting an attainable target for funding and hitting that target will have positive results for schools, students, and the state.

The bill is now in the hands of the governor, who has publicly stated he does not support the measure. If he vetoes the bill, the legislature will then be put in position to consider a veto override, which requires a two-thirds vote in both chambers.

Patriot the Eagle Visits the Missouri State Capitol

Members of the General Assembly welcomed a special visitor this week as Patriot the Eagle made an appearance in the State Capitol. Patriot, who is a bald eagle, made her way to Jefferson City from the World Bird Sanctuary near St. Louis. Her visit was in conjunction with the annual Conservation Day, which is held to bring conservationists from all across Missouri together at the Capitol for a day of promoting and supporting the state's natural resources and outdoor heritage.

Patriot was on hand for photo opportunities with legislators and guests to the Capitol. She also made an appearance in the House Chamber. Patriot was rescued as a hatchling in Pike County after her nest fell into the Mississippi River. She was nursed back to health after contracting pneumonia and would not have survived in the wild because of the lung damage she sustained. She now serves as a mascot for the sanctuary, which works to preserve the earth's biological diversity and to secure the future of threatened bird species in their natural environments.

As always, please do not hesitate to call or write me anytime with your questions or thoughts on this or any other issue. My Capitol office is 573.751.0246 and my email is jim.neely@house.mo.gov . Thank you for the honor to serve as your Representative in the Missouri House of Representatives.

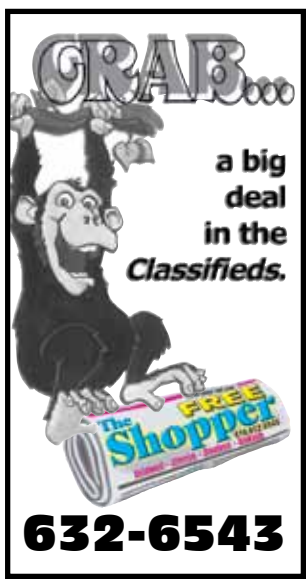
Troop H Announces Special Enforcement Operations In May

Submitted

Captain James E. McDonald, commanding officer of Troop H, announces that sometime during the month of May, Troop H will conduct a sobriety checkpoint in Caldwell County and a DWI saturation in Buchanan County. The areas selected for enforcement are based on a high number of drinking-related crashes, high number of contacts with drivers who have been drinking, and officers' input as to probable contact with DWI violators.

"The Missouri State Highway Patrol is dedicated to removing impaired drivers from Missouri roadways," stated Captain McDonald. "Anytime your plans include alcohol, please have a sober designated driver."

Approximately 63 percent of Missouri fatal crash victims who are required to be restrained are NOT at the time of the traffic crash. The Patrol urges motorists to protect themselves and their passengers by making sure everyone in the vehicle is properly restrained in a seat belt or child restraint. Join us in supporting the Drive To Zero Highway Deaths. Watercraft operators should ensure that everyone in the vessel is wearing an approved life jacket. Click It 4 Life And Wear It!!



General Assembly Passes FY 2017 Budget

Capitol Report

By Dan Hegeman
State Sen., 12th District

The Missouri Legislature gave final approval to the Fiscal Year 2017 budget on Thursday. The state operating plan totals $27.2 billion. This figure is 1 percent less than what the governor put forth and reflects the General Assembly's diligence to ensure a sensible and balanced budget.

The passage of a balanced budget is the only constitutional duty the legislature is obligated to fulfill each session and it's also one of the most difficult. The way revenue is distributed is a direct reflection of our priorities as a state and as legislators.

As always, there are parts of the budget I'm pleased with, such as increasing education funding by $70 million. However, there are significant portions of the budget that continue to give me concern.

This year, legislators were once again faced with the out-sized growth of the state's Medicaid program. The department requested a 26 percent revenue increase, or almost all of the general revenue growth from the total year, close to $400 million. The number is unrealistic, and this single program continues to be fiscally unsustainable. All total, we will spend $12.4 billion on mental health, health and social services in this year's budget, or just over 45 percent of the entire spending plan.

There are programs in those budget items that I support, but the overall growth of existing social services spending continues to severely limit the ability of the General Assembly to address other critical priorities, such as fully funding our education formula or addressing infrastructure needs.

The budget bills are now on the governor's desk, well ahead of the constitutional deadline of May 6. The early budget will force the governor to take action on the bills, allowing the Legislature the chance to possibly override any vetoes before the end of the regular legislative session.

Please feel free to call, email, or write with your ideas or concerns. My Capitol office number is (573) 751-1415, my email is dan.hegeman@senate.mo.gov and my mailing address is Room 332, State Capitol Building, Jefferson City, MO 65101.

A Wonderful District

Capitol Report

By J. Eggleston
State Rep., 2nd District

The duties of a state legislator are not always pleasant. The long hours, the driving back and forth to the capitol, the hundreds of bills to evaluate, the bureaucrats, the lobbyists, and even some fellow legislators can make the job sometimes frustrating and always challenging. But without a doubt the most enjoyable part of the job is helping constituents with their issues navigating government, and bestowing praise on our neighbors who have done good works.

Some of the examples of our district's recent successes are the football and basketball state championships in Stanberry, several new Eagle Scouts from Gallatin and Albany, economic development in Bethany, the creation of a Young Americans for Freedom chapter in Maysville, numerous small business openings throughout the region, and Donn Harrison of Cameron winning America's Teacher of the Year. We are truly blessed to live in such a wonderful area of Missouri to work, play, worship, and raise our families, and it is a joyful honor to be the spokesperson for all of us in House District 2.

Three weeks remain in the legislative session. Serious issues still on the legislative docket include SJR39, constitutional carry, and transportation funding, as well as some rural economic development initiatives that I am excited to be a part of. In upcoming Capitol Reports, I will keep constituents abreast of those topics. Until then, please appreciate and enjoy the blessings that our family, friends, and rural lifestyle afford.

Until next time, best wishes of safety, health and prosperity to you and your family.

J. Eggleston

Lair's Legislative Log April 25, 2016

This simply cannot be the last week of April already; to be busy is truly a blessing, but sometimes I would enjoy being less blest. Some of our committees are finishing their work and others are churning out bills at a torrid pace to get them to the floor. Everyone is focused and institutional etiquette is sometimes tightly stretched. Senator Pearce and I exchanged presentations this week to each other's committees with our bills.

One of the preeminent parts of this job is the chance to meet special young people from around Missouri. When they are from the 7th District it is especially rewarding. The FFA BLUE JACKETS that represent our Ag communities are here often and certainly fill that description. Last Monday The Woman Legislator's presented their scholarship winners, one each from Missouri's eight U.S. Congressional Districts. Our 6th Congressional District winner was Grace Venner, a Chillicothe High School senior. Grace was accompanied by her father, Dan and I was proud and happy to meet them both.

With the thirteen budget bills in conference committees, the on floor debate revolves around abstracts rather than reality. I spent the first six years in the appropriations process, first as a member and then as a chair and one of my first priorities was funding the school funding formula. Each fiscal year, the vast majority of the $7 billion we dedicate to education is spent in creating a fund that is distributed to the five-hundred and some schools in the fairest manner we can devise.

This fund is known as the funding formula.

Representative David Wood: *"The current formula is underfunded by approximately $550 million dollars and the more we put into the appropriation for the formula, the larger the deficit grows. If we found the revenue source to put in the $550 million then the adequacy target would grow to the point we would have to add an additional $400 million dollars in 2019-20. This is a race without a finish line. The formula is currently funded to an adequacy target of $6110 per average daily attendance. When the 5% cap is reinstated, the adequacy target becomes $6241 which would be an increase of $131 for every average daily attendance at a cost of $90 million dollars next year. In 2019-20 the adequacy target grows to $6316 at an approximate cost of $100 million dollars. A slower predictable growth that can be funded each year is better for all districts.* **Early childhood kicks in for the entire state after the foundation formula is fully funded for 1 year. Currently the formula districts (approximately 60% of the districts in the State) are absorbing all of the shortfall when we do not fully fund the formula. Small school hold harmless districts won't change with or without the cap. Formula districts will benefit the most."**

There was good news on the higher education front. I am so pleased to hear that Ohio State University understands the roles of teachers (administrators) and students on the modern university campus. As you read the administration's response to the take-over of a campus building, try to envision Missouri University – Columbia in that same scenario. Please notice the manner adopted by the main messenger, which is a common one for real-world authority figures—he is respectful, blunt, and not particularly apologetic or deferential—but I do not recall seeing other college administrators adopt it. His words:

"If you are students, and I think the vast majority of you are, I want you to understand that you are violating the student code of conduct. As dictated to me by [university president] Dr. Drake 15 minutes ago to me on the phone, we have chosen to try to work with you this evening because we respect you. This is your university.

And we want to have dialogue. We want the dialogue to extend beyond tonight. But if you refuse to leave, then you will be charged with a student code of conduct violation. And I'm telling you this now because I want you to have good thought and careful consideration. If you're here at 5 a.m. we will clear the building and you will be arrested. And we will give you the opportunity to go to jail for your beliefs. Our police officers will physically pick you up, take you to a paddy wagon, and take you to be jail."

He also added that anyone who "took the opportunity to go to jail for their beliefs" would no longer be a student at Ohio State University.

"Severities should be dealt out all at once, so that their suddenness may give less offense; benefits ought to be handed ought drop by drop, so that they may be relished the more." **From *the Prince* Niccolo Machiavelli**

Thank you for the privilege of representing the citizens of the 7th District. As always, Drew and I are at your service at (573) 751-2917, mike.lair@house.mo.gov, or State Capitol, 201 West Capitol Avenue, Room 402, Jefferson City, MO 65101.
