FFA WEEK

**2023 Cameron High School
Proficiency Competition FFA Members**

What's New at the Cameron FFA

By **Chris Henderson**
Cameron FFA Advisor
Contributed

The Cameron FFA Chapter has had another successful start to our year! This year has definitely started different than any in recent years, but all for a great reason. We ended this past year with starting to pack the old Ag building and classrooms to be ready to move into our new facility. Throughout the summer we continued to pack and stage everything for the move and were finally allowed to begin settling in to our new facility in August. Upon starting the year, we continued to settle in and due to a few areas not being available, had to postpone some of our annual events, but are looking forward to bringing back Farm Safety Day and Spencer Mattson Fun Farm Day this next year. We have stayed busy throughout the summer and first part of the year with students attending numerous fairs including the MO State Fair exhibiting livestock and crops, held monthly FFA meetings, our annual FFA Fundraiser, FFA Barnwarming, and had students attend the National FFA Convention. We also had students compete in Area, District, and State Fall Public Speaking, parked cars for the home football games, and participated in the local Adopt a Family program. To keep up with the goings on of the program, we would invite you to join our Facebook page, Cameron FFA, for any current information about the chapter.

In addition to the new facility, we also welcomed Mr. Wyatt Ellis. Mr. Ellis is a recent graduate of Northwest MO State and was born and raised in Bethany. In high school he was an active member of the FFA chapter. He served as an officer, was on State qualifying contest teams, received his State and American FFA Degrees and was also an avid trap shooter. He has already started to impact our program by starting the approval process for the Cameron FFA Trap Team.

Currently our chapter members have been busy getting ready for the spring competition season. Ten seniors applied for the MO State FFA Degree and are awaiting final approval on those applications. This past week, 24 members applied for Area 2 Proficiency Awards, with seven individuals winning their respective areas and advancing to state competition. All of our classes are currently working on contest teams in preparation for the first practice contest on March third. Everyone is excited to get out and compete and to continue the long standing tradition of excellence in the Cameron Ag Department and FFA!

SAE Projects

SENIORS

My name Veronica Bailey and I am a senior at Cameron High school and have been in FFA for 4 years. My SAE's are Agricultural education and food service. In my four years I have competed on contest teams and won the chapter proficiencies awards for food service and agricultural education. I plan on being involved on the Farm Management contest team. Some of my favorite memories through the years are the first farm management contest as well as our monthly ag chapter meetings and the games we do with each one.

My name is Benton Barton. I am a senior at Cameron High School. I've been in FFA for 4 years. My SAE is goat production. My favorite activity in FFA was barnwarming. I am excited to attend the banquet this year as this is my senior year.

My name is Briana Bennett, I am a senior at Cameron High school where I have been a part of the Cameron FFA for 4 years. My SAE is Ag Sales Placement where I work at Orscheln Farm & Home as well as Food Service. My favorite memory through FFA was barnwarming and being with my friends.

My name is Brayden Copple and I am a senior member of the Cameron FFA Chapter. My SAE is mowing. My favorite activity in the FFA is barnwarming. I plan on taking a Shop class this year.

My name is Daylin Cruickshank I am a senior at Cameron high school I am a 4th year member of the Cameron FFA chapter my SAE is working for my dad, commercial flooring is what we do my favorite activity is barnwarming

My name is Cheznie Edwards, I am a senior at Cameron High School and am a 4th year member of the Cameron FFA chapter. My SAE includes cattle production and ag business, I raise bottle calves and work at the Cameron Market. My favorite activity in FFA is barnwarming.

My name is Adam Elder and I am a senior in the agriculture department. I have learned about the floriculture industry in class. My SAE project is Lawn Care and turf grass management. My favorite FFA activity has been 'The Feeding our Friends' event my sophomore year of high school. I look forward to monthly meetings in the FFA. My goals in the FFA are to do the best that I can and do well on the Floriculture tests.

My name is Reydon Erickson and I am a senior in the agriculture department. My favorite thing I have learned in agriculture class was probably from freshman year when I was on the meats team and studying for the contest. My SAE project is Beef production. My favorite FFA activity has been from my sophomore year when we went out to Wallace State Park and had a conservation day. It lasted 3 days and each day a new grade level came and we had several different activities. I look forward to barnwarming or ag. safety day in the FFA. My goals in the FFA are to do well and succeed in my class and learn the most I can to better myself for my future.

My name is Graden Hammond and I am a senior at Cameron High School. I am a 4th year member of the Cameron FFA Chapter. My SAE is grass and turf management as well as landscape. I really hit it hard during the summer months where I mow lawns and shape up some really unmanaged properties. My favorite thing in the FFA chapter is helping out in the school and community.

My name is Hollie Hedgpeth, I'm a student at Cameron High School. I've been in FFA for four years. My SAE is food service and babysitting. My favorite activity while in FFA was barnwarming and building gingerbread houses at the chapter meeting. I'm excited to attend the banquet this year as this is my senior year.

My name is Jenessa Kirkendoll and I am a Senior in the agriculture department. I have learned about leadership in class. My SAE is to breed and raise my purebred German Shepherd, Baxter, and train him to become my service dog for my anxiety.

My favorite FFA activity has been barnwarming. I look forward to using what I have learned in the classroom into my life outside of high school and our trapshooting team. My goals in the FFA are to become a strong leader and use the knowledge I have gained in my life in college.

My name is Cheyenne Machetta and I am a Senior in the agriculture department. I have learned about Ag Business and Farm Management in class this year and have learned about greenhouses, animals and types of soil in previous years. My SAE is beef production where I raise and take care of cattle. I don't have a large SAE like some of my peers but occasionally I get to bottle raise calves who were abandoned by their mother. That is my favorite part of my SAE, bonding with the animals and having a connection with them. My favorite FFA activity has been contests. This year has been my first year doing contests and I really enjoy doing the Farm Management tests. I am good at it as opposed to rote memorization and the information I have learned is something I can use later in life regardless of what career I go into. I look forward to developing my SAE more as the year progresses and learning about the best ways to care for my animals. I have loved using my experience in FFA to learn from my peers who have the same SAE and grow as a person. While I don't plan on going into an Ag related career, I have big goals. I strive to do the best I possibly can in upcoming competitions and continue to learn more about Ag. Business.

My name is Carissa Oxford and I am a senior in the agriculture department. I have learned about flower identification and agriculture business in class. My SAE project is taking care of my 3 dogs at home. My favorite FFA activity has been helping with conservation day my sophomore year. I look forward to helping plan and run fun days/events in the FFA. My goal in the FFA is to help influence younger kids in a positive way.

My name is Jada Potts and I am a senior at Cameron High School. This is my fourth year of being in the FFA program for Cameron. My SAE is food service. My favorite activity while being in FFA was freshman barnwarming. I am excited to attend the banquet meeting this year with it being my final year of being in FFA.

My name is Caleb Rick and I am a 4th, year member of the Cameron FFA Chapter. My SAE is working at the local grocery store The Cameron Market. I stock selves, push carts and check customers out. My favorite activity in the FFA is shop class. I plan to help with activities this year.

My name is Katelyn Riddle and I am a senior at Cameron High School. This is my fourth year of being in the FFA program and am currently serving as the chapter Treasurer for the Cameron FFA chapter. My SAE is Ag Sales Placement. I have attended the National and State FFA Conventions, State FFA Leadership Camp, was a member of our Ag Mechanics team that placed 2nd at districts. This year I hope to win districts in poultry and qualify for state again and with a Proficiency Award. My favorite activity in FFA is contest season.

My name is Boyd Mitchell and I am a Senior in the Cameron FFA Chapter where I currently serve as the Chapter's 2nd Vice President. I have learned about a multitude of career development events such as Meat I.D, Floriculture, and Agricultural Mechanics in class. My SAE projects include but are not limited to Wildlife Management, Natural Resources and Environmental Science and Diversified Crop Production. My favorite FFA activity in the Cameron FFA chapter was FFA Barn Warming where I was crowned Barn Warming King. My favorite event that I have participated in over the course of my FFA career was the Washington Leadership Conference. I look forward to competing in the Meats CDE at the state level in the FFA. My goals in the FFA are to earn my State Degree, as well as win an Area Proficiency Award.

My name is Addison Shanks and I am a senior at Cameron High School. This is my fourth year of being in the FFA program and am currently serving as the chapter Reporter for the Cameron FFA chapter. I served as a Historian last year. My SAE Food Serve working at Dairy Queen and Scooters and On Farm management, building and tearing out fence. I have attended the National and State FFA Conventions, State FFA Leadership Camp, was a member of our Meat Evaluation team, Entomology team and this past year State Ag Mechanics contest team. Our Entomology and Ag Mechanics team qualified for state. My favorite activity in FFA is helping out in the community and Contest. This year I hope to qualify for state again and win Districts and be recognized at state for Poultry Contest.

My name is Trianna Smith. I am a Senior currently at Cameron High school, this is my fourth year in FFA. My SAE is food service at Dairy Queen and taking care of animals such as dogs. My favorite activity is FFA week and I plan to be more involved in FFA this year.

My name is Klaisen Spencer I am a senior at Cameron high school. This is my fourth year in the ag program. My SAE is working in the school's greenhouse taking care of the plants. My favorite activity in FFA is Barnwarming. I hope to graduate my senior year and then join the workforce after my high school career.

My name is Elana Stone and I am a senior at Cameron High School. This is my fourth year of being in the FFA program. My SAE is Ag Sales Placement. I have attended FFA State Convention twice my sophomore and junior year. As a sophomore I placed 5th overall at Districts for Agronomy and placed 9th overall for Nursery Landscape my junior year. This year I plan on placing first as a team for Poultry and attending State for contest as this my last year for contest.

My name is Quinn Switlik and I'm currently in my fourth year of serving in the Cameron FFA chapter. My SAE is

My name is Thomas Robinson and I am a senior at Cameron High School. This is my fourth year of being in the FFA program and am currently serving as the chapter 1st Vice President for the Cameron FFA chapter. My SAE's include Forest Management, Crop Production and Turf Grass Management. I have attended the National and State FFA Conventions, Washington Leadership Conference, was a member of our State Floriculture team, was selected as Star Greenhand, Star Chapter, Outstanding Junior. This year I hope to qualify for state in Nursery Landscape and with a Proficiency Award. My favorite event that I did while in the FFA was organizing and doing the Feeding Our Friends food drive.

stocking ponds with fish. I also work on farms for people as well during the summer. I also participated in a contest and I am doing floriculture this year for my contest. My favorite activity in FFA is working in the shop.

My name is Paris Walker and I am a senior in the agriculture department. I have learned about different plants in class. My SAE is wildlife management. My favorite FFA activity has been Barnwarming. I look forward to learning about more plants in the FFA. My goals in the FFA are to learn more about agriculture.

My name is Dallas Yanits. I am a senior and I am a 4-year member of the Cameron FFA Chapter. My SAE is Egg Production. My favorite activity in the FFA is Spencer Mattson fun farm day. I plan to take the lessons I have learned in FFA and apply them after I graduate.

My name is Conner Zirfas and I am a 4th, year member of the Cameron FFA Chapter. My SAE is working at Walmart. I dispensed orders and pick items for the customers for the online grocery department. My favorite activity in the FFA is livestock class.

JUNIORS

My name is Angelica Bailey and I am a junior in the agriculture department. I have learned about how to make flower arrangements, different diseases that affect flowers, and different floriculture tools in class. My plans for my SAE project are to raise chickens, beef cows, and make/sell candles. My favorite FFA activity has been conservation day for the C.I.S students. I look forward to the contest season in FFA. My goals in the FFA are to be a state qualifier in a contest and expand my knowledge on agribusiness.

My name is Kasidy Wilcox and I am a senior in the agriculture department. I have learned about stock market values in class. My SAE project is specialty animal production where I raise alpacas. My favorite FFA activity has been the State FFA Convention. I look forward to the Farm Management CDE and the 2023 State FFA Convention in the FFA. My goals in the FFA are to build a skill I can use for the rest of my life and win districts in the Farm Management contest.

My name is Rebekka Bell and I am a Junior in the agriculture department. I have learned about Geraniums and a bunch of other plants and what they need to survive in class. My plans for my SAE project are to take care of my goats and chickens. My favorite FFA activity has been the food pantry where we helped pack food. I look forward to competitions in the FFA. My goals in the FFA are to go to competitions and actually commit to it, study for it and everything, and participate in any other activities that go on.

My name is Halie Blair. I am a junior at Cameron High School. This is my 3rd year in FFA, in 2022 I was in Entomology. I made it all the way to the State Convention. My SAE is taking care of chickens, dogs, horses, and Goats, and food service at BK. My favorite FFA activity is Barnwarming. A goal i have set for myself is finding another team i like.

Hi my name is Teridan Brant and I'm a junior at Cameron high school. This is my third year of being in the FFA program and I am currently surviving as a member of the Cameron FFA chapter. My SAE includes econ placement and small animals. My favorite activity barnwarming.

My name is William Brewer I am a junior at Cameron. This is my third year in the ag program. MY SAE is Turf Grass Management I mow my yard over the summers. My favorite activity is FFA Barnwarming. I hope to have fun this year.

My name is Trey Caldwell. I'm a junior at Cameron High and this is my third year in FFA. My SAE's are Beef Production Entrepreneurship, Ag Mechanics Repair and Maintenance, and Ag Mechanics Fabrication. I have won 2nd place in our area, qualified for state in forestry, and went to FFA camp and state convention. This year I hope to qualify for state in my CDE and SAE.

My name is Allie Cass and I am a junior in the agriculture department. I am also the Historian on the FFA officer team. I have learned about how to manage and maintain a farm in

My name is Jenna Seitz and I am a senior at Cameron High School and currently serving as the chapter's parliamentarian in the Cameron FFA. I've been in FFA for 4 years but have been around agriculture all my life. My SAE's are Food Service and Agricultural Education, where I teach others about different things in agriculture. In my 4 years with the chapter I have accomplished many goals and plan to finish out my senior year with a couple more achievements. Some of my achievements include being on the 2020-2021 State qualifying Agronomy team, served as the chapter's state delegate, and was the 2021-2022 first place winner in Area 2 proficiency awards for agricultural education where I was later recognized at the state level. With the rest of the year I plan on receiving my state degree and making it to state with the Farm Management contest team. A few of my favorite activities throughout the years include our chapter barnwarming and all of the trips we take. I look forward to seeing the chapter continue to grow and seeing the other members flourish as I once did.

class. My SAE project consists of Pet Sitting and helping my boyfriend, Tyler Sloan, with his cattle. My favorite FFA activity has been our monthly chapter meetings that we have done this school year. It is a great way to get to know some of the members of our chapter. I look forward to furthering my leadership skills in the FFA. My goals in the FFA are to be in group 1 at the state competition for farm management contest and to be an officer again my senior year.

My name is Samuel Erickson. I am a 3 year FFA member. My SAE is beef production placement and Ag Sales Placement. I work on my family farm and at O'Reilly Auto Parts. My favorite activity is when we get to build the floats for the parade. It's always fun to build a float with your friends.

My name is Nicole Essary and I am a Junior in the agriculture department. I have learned about different kinds of livestock and how to place them, the different parts of crops in plant science, and the different types of natural resource jobs in class. My SAE project is job shadowing my mom's friend. She works in the agricultural department and works with different fertilizers. My favorite FFA activity was getting to go outside to collect soil samples from different areas around the school and seeing the difference between the dirt. I look forward to getting to try and compete in the livestock competition in the FFA. My goals in the FFA are to try a competition since I haven't done it before, I also want to get better at my terminology for reasons in the Livestock Evaluation CDE.

My name is Cayden Fletcher. I am a junior at Cameron High school. This is my 3rd year being a member of the FFA program. My SAE is lawn care for the City of Cameron I mow and help manage the public walking trails. My favorite activity in FFA is barnwarming. I am excited to attend the banquet this year.

My name is Kale Garrison. I am a junior in high school. This is my third year being a part of Cameron FFA. I am currently not doing a SAE. And my goal for this year is to get as much as I can out of this class and make the most of it.

My name is Gracie Arth and I am a senior at Cameron High School. This is my fourth year of being in the FFA program. My SAE's include Fruit Production, Vegetable Production, Diversified Horticulture, and Specialty Crop Production. I have attended the National and State FFA Conventions, where I was recognized as an area winner in Fruit Production. This past year I was a member of the Nursery Landscape team and plan to be a part of the Meats team this year.

My name is Kenton Gates, I am a junior at Cameron high school. This is my third year in the FFA program. My SAE is lawn care and maintenance. I work for Gates Plumbing in the summer and weed eat at Foreman Farms weekly. My favorite FFA activity is barnwarming, ag safety day and being involved in my community.

My name is Wyatt Hammersmith and I am a junior in the agriculture department. I have learned about how to process and how to placements in class. My plans for my SAE project are to diversify my SAE to get more opportunities to make money. My favorite FFA activity has been giving reasons to the teachers and I like learning about animal anatomy. I look forward to getting lots of knowledge about animals and plants in the FFA. My goals in the FFA are to be able to better myself by learning how to use the earth to grow my food and to use the knowledge I have to see if meat or any food is bad by looking at it.

My name is Kendall Harper and I am a junior in the agriculture department. This year I have learned about farm management in Ag business class. My SAE project is Food Services, for my project I help my grandparents cater. My favorite FFA activity has been Conservation day at Wallace State Park. I look forward to our new trap shooting program in the FFA. My goals in the FFA are to develop better leadership skills and to continue to develop my SAE project.

My name is Lillie Houser and I am a junior in the agriculture department. I have learned about different types of plants and flowers in class. My plans for my SAE project are to raise two rabbits and eventually breed and sell them. My favorite FFA activity has been conservation day where we went to Wallace park. I look forward to participating in other activities in FFA. My goal in the FFA is to make it to state on the floriculture contest team.

My name is Logan Jackman-Swartz and I am a junior in the agriculture department. I learned about how to make candy bouquets in class. My plans for my SAE project are to have multiple of our customer service. My favorite FFA activity has been the chapter meetings. I look forward to doing more things in the community in the FFA.

My name is Ella Jameson and I am a junior in high school in the agriculture department. I have learned about Farm Management and Agriculture business in class. My SAE project is Beef production and I plan to also breed and sell purebred mini Dachshunds. My favorite FFA activity has been Ag Safety Day. I look forward to our new trap shooting contest team for

My name is Amelia Welch and I am a senior at Cameron High School. This is my fourth year of being in the FFA program and am currently serving as the chapter President for the Cameron FFA chapter. My SAE's include Service Learning and Agriculture Education. I have attended the National and State FFA Conventions, Washington Leadership Conference, was a member of our state qualifying Floriculture team, was selected as a Star Greenhand, Star Service, Outstanding Junior and represented our chapter and Area II at the State FFA Convention last year as the area winner in Service Learning Proficiency Award where I was recognized as 2nd place in the State. This year I hope to qualify for state again in contests and with a Proficiency Award.

next school year in the FFA. My goals in FFA are to do well in all aspects of the FFA organization including the Farm Management contest team as well as my SAE project.

My name is Gracie Jorgensen and I am a Junior in the agriculture department. I have learned alot about supply and demand, as well as, the time value of money in class. My SAE project is helping my Grandpa with his 1 acre garden which includes many varieties of fruits and vegetables. I plan to pick a new fruit of my own for the upcoming season and sell my products at a local farmers market. My favorite FFA activity has been competing on the entomology contest team and getting the opportunity to go to state. I look forward to competing on the farm management team this year in the FFA. My goals in the FFA are to do many practice tests for the farm management team. Also, I want to apply to be an officer for the upcoming year. I believe that being an officer will help me to gain many more skills such as leadership and organization. Lastly, I want to be able to share my love for FFA through being a leader in the program.

My name is Cooper Kearns. I am a junior at Cameron High School. This is my 3rd year in FFA. My SAE is lawn care. During the mowing season I mow and weed eat lawns for multiple people. My favorite activity in FFA is barnwarming. My plan is to be more involved in FFA this year.

My name is Clay Kilmer and I am a junior in the agriculture department. I have learned about how to properly operate an agriculture business in class. My SAE is about equine science and beef cattle production. My favorite FFA activity has been barnwarming. I look forward to participating in contests in the FFA. My goals in the FFA are to win districts for equine science, and to become an officer .

My name is Keaton Koechner. I am a 3rd year member of the Cameron ag department. My SAE includes swine placement, grain placement where I work at team Sloan livestock and Sloan farms. I work in production, sales of show pigs and work on the row crop side. My favorite activity in FFA is contest season. I hope to qualify for state this year in the nursery landscape contest team and with a Proficiency award.

My name is Jordan Lee and I am a junior in the agriculture department. I am a greenhand. I have learned about plant

My name is Braxton Shanks and I am a senior at Cameron High School. I have been in the FFA program since all four years of high school. My SAE's include Food Service, Small Animal Production, Beef Production, Turf Grass Management, and Diversified Ag Placement. I currently work for two farmers in which I help haul, move, and take care of their cattle. I've torn out and built fences, mowed, weed eat, landscaped, taken care of the horses, German Shepherds, sheep, and other small animals. I've had to help brush hog and haul hay for them too. I worked at Dairy Queen for two years and I am now currently working at Scooters. I have participated in FFA State Convention, National Convention, Washing Leadership Conference, and I was a member of the Ag Mechanics Team that placed second at Districts my junior year. I plan to be on the Poultry Team this year with some big goals to accomplish like being District Champions as well as State Champions. I am really looking forward to this school year as a senior and giving it my all in honor of it being my last year here.

species, animal breeds, and animal rights and welfare in class. My plans for my SAE project are to do forestry.

My name is Brittney Loucks and I am a Junior in the agriculture department. I have learned about how to identify different cheeses and defects in milk because of agriculture class. My plan for my SAE project is to grow tomatoes and potatoes and sell them back into the community. My favorite FFA activity has been barn warming. I look forward to the CDE competitions and trying to earn my way to the State FFA Convention. I love FFA and agriculture class because it gives me an opportunity to not only be myself, but grow myself while learning at the same time. My biggest goal right now in FFA is to get top three at the State FFA Convention in the Dairy Foods CDE.

My name is Colton Marks, I am a Junior at Cameron high school. This is my 3rd year participating in the Cameron FFA program. My SAE project consists of agricultural mechanical repair and maintenance and installation of HVAC systems working for Schindlers Heating and Cooling, Located in Cameron Missouri next to the police station. My awards consist of a star Greenhand degree, chapter degree, I have attended the state FFA conventions and was a state qualifying member of the forestry team. This year I am a part of the FFA meats team and hope to not just qualify for state but also win it. I also hope to win a proficiency award for Ag Mechanics. My favorite activity in FFA is contests, and hopefully this year will be full of many more memories.

My name is Leah McBee and I am a junior at Cameron High School. This is my third year in FFA. My SAE is working at the Cameron Market. My favorite activity in FFA is barnwarming.

My name is Chase Miller and I am a junior at Cameron High School. This is my third year in FFA. My SAE is setting security cameras. My favorite activity was helping with the CIS Conservation day.

My name is Tabitha Moulin and I am a junior in the agriculture department. I have learned about flowers in class. My SAE project is working with my grandma every other week and help with the cows and feeding them and getting them ready to be slaughtered. My favorite FFA activity has been being able to help the little kids out with fun festivals. I look forward to learning about livestock and about how we did different types of flowers. I may not be able to remember them all but they are beautiful in the FFA. My goals in the FFA are to become a good citizen to the world, and to be able to show people what FFA is really about.

My name is Landon Ogle and I am a Junior in the agriculture department. I have learned about Trees in class. My plans for my SAE project are to (or my SAE project is) increase my production and chickens in all to make my operation bigger. My favorite FFA activity has been Contest teams. I look forward to Having my SAE proficiency go to state in the FFA. My goals in the FFA are My goal is to make it on the forestry team.

My name is River Ormsby. I am a junior in Cameron High School. This is my third year in FFA. I don't currently have an SAE, but am looking for one. My favorite activity in FFA is going to competition.

My Name is Brendan Polley I'm in the 11th grade and this is my 2nd year being in the FFA program. My SAE is cattle production. I help out on my family's farm like resupplying the corn and hay.

My name is Gabe Query and I am a junior in the agriculture department. I have learned about Floriculture in class. My plans for my SAE project are to work on cars. My favorite FFA activity has been barnwarming. I look forward to learning more about flowers in the FFA. My goals in the FFA are to be good at floriculture and do good as a team at districts and keep on my SAE.

My name is William Rhodes and I am a junior at Cameron High school. This is my third year of being in FFA. My SAE includes Goat production and Landscape. Last year, I went to Area Award night and received a medal for Goat production. Hopefully, I will go back to Area Award Night this year and earn a medal for Landscape.

My name is Mikeal Seitz and I am a Junior in the agriculture department. I have learned about contests, floriculture, and forestry in class. My plans for my SAE project are to continue to mow. My favorite FFA activity has been contests. I look forward to meeting new people in the FFA. My goals in the FFA are to see how well I can push myself to compete with friends and others. Or to earn as much experience as I can while I'm still young.

My name is Abby Yanits and I am a junior in the agriculture department. I have learned about evaluating the quality of livestock in class. My plans for my SAE project are to breed my dog and work for my brother's cattle business. My favorite FFA activity has been barnwarming. I look forward to going to the livestock evaluation contests in the FFA. My goals in the FFA are to make it to state in the Livestock Evaluation CDE.

SOPHOMORES

My name is Kyler Axelson and I am a Sophomore in the agriculture department. I learned about Livestock in class. My plans for my SAE project are Turf and grass management. My favorite FFA activity has been the AG Olympics. I look forward

My name is Josey Watkins. I am a Junior in the Cameron FFA Chapter where I current serve as one of the chapter reporters. In 2021-22 school year I achieved many goals such as being on the state qualifying Agronomy team, winning a Nursery Operations Area Proficiency, becoming a chapter officer. The 2022-23 School year I was a Barnwarming candidate for the junior class. I hope to achieve my goal of being a state qualifier for area proficiency, being on a state qualifying contest team and becoming a chapter officer again. My SAE is Diversified Horticulture and Ag Sales. A few of my favorite FFA activities is Barnwarming and taking the trip to Washington DC over the summer.

to the next AG Olympics in the FFA. My goals in the FFA are to go to the national convention and get a good SAE grade.

My name is Bryce Baragary, I am a sophomore at Cameron High school, and this is my first year of FFA. I currently don't have an SAE but plan on figuring one out soon. My favorite FFA activity so far has been adopt- a- family and my goal this year is to find a good SAE.

My name is Autumn Dotson and I am a sophomore in the Cameron agriculture department. This is my 2nd year in the ag program. My SAE is turf grass management. I mow my grandparents' house and my parents' house, I also mow for multiple businesses. My favorite activity in FFA is the Contest. I hope to make the entomology team this year and qualify for state.

My name is Nicholaus Eads and I am a sophomore in the Cameron agriculture department. This is my 2nd year in the ag program. My SAE is mowing currently but am looking for a Wildlife Management project. My favorite activity in FFA is. I hope to make the forestry team this year and get 2nd in state.

My name is Faith Eldredge and I am a sophomore in the agriculture department. I have learned about livestock evaluation, how to identify different cheeses, and soil horizons in class.

My SAE project is in Equine Science where we volunteer in a horse Equine Therapy non-profit organization, as well as, finishing cross-breeding full blooded German Shepherds. My favorite FFA activity has been Barnwarming. Getting to see the students come together as one, dance, and enjoy themselves all night was heartwarming! I look forward to learning new skills/trades to use in everyday life, and, most importantly, volunteering in my community through FFA opportunities. My goals in the FFA are to be a productive, active FFA member, earn FFA scholarships, develop my SAE, and become a leader in my community.

My name is Isabella Flores and I am a sophomore in the agriculture department. I have learned about cheese and milk ID in class. My SAE is Equine Entrepreneurship. My plans for my SAE project are to train my yearlings so I can sell them and then halter break our new foals. I am super excited for all the opportunities that the FFA has for me and my SAE. My favorite FFA activity has been barnwarming where we get to eat good food, dance, and take a break from the normal hard work that school presents. I look forward to the various competitions and conventions in the FFA like the State and National FFA Conventions. My goals in the FFA are to be

top 3 in the state in the Dairy Foods CDE and to develop my SAE into a full on business.

My name is Jayden Hibler and I am a sophomore in the agriculture department. I have learned about Livestock evaluation and animal science in class. My plans for my SAE project are to continue my local lawn mowing business through the summer and work on my Grandfather's orchard. My favorite FFA activity has been tailgating and grilling burgers for homecoming. I look forward to learning more about agriculture and competitions in the FFA. My goals in the FFA are to win a contest in the Livestock Evaluation CDE and improve my knowledge of agriculture.

My name is Shealyn Hughlette and I am a Sophomore in the agriculture department. I was on the state qualifying poultry team last year and this year I am on the entomology team. My SAE is Food Service working at

the Chinese Buffet. My favorite FFA activity is probably contests. My goal this year is to qualify for state again.

My name is Tyler Jackman and I am a Sophomore in the agriculture department. I have learned about how to grade livestock in class. My plans for my SAE project are small animal products. My favorite FFA activity has been Ag Olympics. I look forward to continuing in the FFA. My goals in the FFA are to go to state for a contest and go to state for a proficiency award.

My name is Jayla Johnson and I am a sophomore in the agriculture department. I was on the poultry, food science, and the knowledge team, and I'm currently learning about entomology in class. I have also learned about the FFA Creed, and animals. I was also on the poultry team as well as the food science team. My plans for my SAE project is raising

Cameron FFA Places at Proficiency Competition

By Chris Henderson
 Cameron FFA Advisor
 Contributed

On February 21, twenty-four Cameron FFA members submitted proficiency award applications to the area level for competition. These twenty-four students applied in 31 of the possible 46 areas. They received 7 first places, which will advance to State for competition, 4 received 2nd place, and 4 received 3rd place. Proficiency

awards recognize FFA members who excel as agricultural entrepreneurs, employees or volunteers while gaining hands-on career experience. There are 46 proficiency award areas recognized at the area and state level. Fourteen of the twenty-four Cameron FFA members and fifteen of their thirty-one applications will be recognized at the Area II Awards Night, held in Chillicothe in April! Congratulations to all of the members on their hard work and good luck to those advancing to State.

My name is Justice Brewer and I am a Junior in the agriculture department. I have learned about balance sheets in class. My SAE is fruit production where I harvest peaches, grapes, and apples. I make jams and jellies out of all of these fruits. I plan to eventually sell my product into the community. My favorite FFA activity has been conservation day. I look forward to selling my fruit and learning more about the agriculture business. My goals in the FFA are to win a district proficiency with my SAE.

and breeding rabbits. I have already started on my SAE project and I have built a rabbit hutch for my rabbit and have 4 rabbits and one is for sale, which was from my first litter. I also have a job. My favorite FFA activity has been probably Barnwarming and the petting zoo. I look forward to the hands-on things and the competitions that we will be doing in the FFA. My goals in the FFA are to learn something new every day and that what I learn leads me to use FFA in my life when I grow up. I think that everybody that is in ag or FFA is doing something good for the community.

My name is Gage Jones I am a sophomore from Cameron High school and my SAE is turf management working for the city during the summer, and wildlife management, where I complete habitat management projects and food plots for wildlife. My favorite activity is making a food plot with my friend. My goal is to improve my management techniques and shoot a trophy buck

My name is Brock Kirkendoll and I am a sophomore in the agriculture department. I have learned about entomology in class. My plans for my SAE project is helping raise dogs and cattle. My favorite FFA activity has been Farmers safety day. I look forward to have a future in the FFA. My goals in the FFA are to have fun and learn.

My name is Hudson Lodder and I am a sophomore in the agriculture department. I have learned about FFA History, forestry, and entomology in class. My plans for my SAE project

Hi my name is Noah Wilhoit I am a junior at Cameron High this is my third year as a member of the Cameron FFA chapter my SAE has included placement in equine science, beef, swine, and crop production I was awarded a chapter, area, and state proficiency award in equine science placement last year my favorite FFA activity is forestry CDE. I plan to be on a contest team this year.

are to plant food plots and wildlife management. My favorite FFA activity has been Ag Olympics. I look forward to doing contests in the FFA. My goal in the FFA is to succeed in contest team and go to state.

My name is Kobyn Mallen and I am a Sophomore in the agriculture department. I have learned about livestock evaluation and quality in class. My SAE consists of my chemical application business, beef production ownership, and crop production ownership/placement. My favorite FFA activity has been being a part of the FFA Officer team and getting to organize the fundraisers, meetings, and community service events. I look forward to Chapter FFA Banquet and contest season. My goals in the FFA are to become the Chapter President, win districts in a SAE Proficiency, win districts in the Livestock Evaluation CDE, and be the best trapshooter in our chapter.

My name is Skye Mallen and I am a sophomore in the agriculture department. I have learned about soil science and judging the quality of livestock, such as cattle, goats, sheep, and pigs in class. My plans for my SAE project are to be a very successful goat producer and seller. My favorite FFA activity has been barnwarming because the food was great and learning how to line dance was very fun. I look forward to going to contests in the FFA and getting to help plan community service projects. My goals in the FFA are to become an officer, win a SAE proficiency in Goat Production Ownership, become the best trapshooter in the chapter, and to win districts in Livestock Evaluation.

My name is Austin Martin and I am a sophomore in the agriculture department. I have learned about how to evaluate the quality of livestock in class. My SAE projects are raising laying hens in order to sell their eggs, produce and sell vegetables from my garden, produce and sell honey made by

my bees, and produce jam made by fruits at my home. My favorite FFA activity has been learning how to make ice cream. I look forward to future awards I will earn in the FFA. My goals in the FFA are to learn more about agricultural opportunities and the production of agricultural products.

My name is Jake McKenzie and I am a sophomore in the agriculture department. I have learned about livestock judging in class. My SAE project is beef production ownership and crop/beef placement. My favorite FFA activity has been going to contests and competing against other schools. I look forward to the contest season and trapshooting in the FFA. My goals in the FFA are to learn valuable life lessons, be engaged in community service, be the best trapshooter in the chapter, win districts in the Livestock Evaluation CDE, and play my guitar for the state FFA talent show.

My name is Brayden ogle and I am a sophomore in the agriculture department. My SAE project is poultry production. My favorite FFA activity has been the Ag Olympics. I look forward to maybe going to state one year for forestry in the FFA. My goals in the FFA are to getting my other degrees

My name is Drake Riley and I am a sophomore in the agriculture department. I have learned about livestock judging in class. My SAE project is animal production ownership, animal production placement, crop production placement, and forage crop placement. My favorite FFA activity has been livestock evaluation. I look forward to trapshooting in the FFA. My goals in the FFA are to win districts in the Livestock Evaluation CDE, win districts in a SAE Proficiency, and be the best trapshooter in our FFA chapter.

My name is Brent Rooney and I am a sophomore in the agriculture department. I have learned about livestock in class. My plans for my SAE project are to mow lawns over the summer. My favorite FFA activity has been Barnwarming. I look forward to contests in FFA. My goals in the FFA are to learn more about livestock and do well while competing in contests

My name is Drayton Swindler and I am a sophomore in the agriculture department. I have learned about livestock evaluation in class. My plans for my SAE project are to mow lawns for community members and work at Dairy Queen. My favorite FFA activity has been the Ag Olympics. I look forward to doing contests in the FFA. My goals in the FFA are to do good at contests and be a great FFA member.

My name is Adlei Walker and I am a sophomore in the agriculture department. I have learned about animal anatomy in class. My plans for my SAE project are goat breeding and marketing. My favorite FFA activity has been livestock judging practice. I look forward to the banquet at the end of the year in the FFA. My goals in the FFA are diversifying my SAE and I'm also looking forward to the late spring when we should have goat kids on the ground.

My name is Chloe Walker and I am a sophomore in the Cameron Agriculture Department. This is my 2nd year in the Ag program. My SAE is Babysitting currently but am looking for an agricultural project. My favorite activity in FFA is Contest. I hope on making the Entomology team and shoot for state!

My name is Corbyn Wilkinson and I am a 10th grader in the agriculture department. My favorite thing that I have learned about in class is dairy science and dairy food production. My

plans for my SAE project are to build, repair, maintain, and sell agricultural equipment. My favorite FFA activity has been learning the FFA Creed. I look forward to being in FFA for years to come. My goals in the FFA are to become more active in FFA activities and to try my best at the Dairy Cattle Evaluation CDE.

My name is Clayton Yanits and I am a sophomore in the Cameron agriculture department. This is my 2nd year in the ag program. My SAE is Outdoor Recreation and Beef Production. My favorite activity in FFA is Barnwarming. I hope to make the Forestry team this year and qualify for state.

FRESHMAN

My name is Lex Alcie and I am a freshman in the agriculture department. I have learned about different cheeses and what they taste like in class. My plans for my SAE project are to create my own lawn care business where I practice turf grass management. My favorite FFA activity has been studying the cheeses. I look forward to the dairy foods contests in the FFA. One of My biggest goals in FFA is to become an officer.

My name is Payton Allen. I am a freshman member of the FFA program. My SAE project is based on chickens and selling chicken eggs. My favorite thing to do in my agriculture class is horse judging for contest season. My goal for FFA is to be better in contests each year as they go.

My name is Brian Bailey and I am a freshman in the agriculture department. One thing I have learned about is the different cow breeds in class. My plans for my SAE project are to plant and harvest row crops. My favorite FFA activity has been learning about and identifying all the different cheeses. I look forward to trap shooting in the FFA. My biggest goals in the FFA are to learn how to weld and to make it to state for trapshooting.

My name is Alex Baker and I am a freshman member of the Cameron Ag Department. One thing I have learned about is what an SAE is and a lot about Dairy Foods. My plans for my SAE are continue to work for my current employer. My favorite FFA activity has been the Ag Olympics. I look forward to trying out for the Trap team. My biggest goals in Ag and FFA are to be a member of the Trap and qualify for the state shoot.

My name is Logan Barton and I am a freshman at Cameron High School. This is my first year in the FFA program. For my SAE I plan on growing plants. I am also on the Horse Judging contest team and hope on attending FFA State Convention this year. I'm looking forward for banquet at the end of the year.

My name is Ace Bell and I am a freshman in the agriculture department. I learned about beef cattle in class. My plans for my SAE project are to help with my uncle's beef cattle. My favorite FFA activity has been learning about cattle and veterinary science. I look forward to trapshooting in the FFA. My goals in the FFA are to not fail this class and to find what my purpose is in FFA.

My name is Michael Beshears and I am a freshman in the agriculture department. I have learned about how to make homemade ice cream and dairy food science in class. My plans for my SAE project are to have a garden and make salsas. My favorite FFA activity has been making ice cream. I look forward to learning more about agriculture in the FFA. My goals in the FFA are to learn a lot, get good grades, and become proficient in food science.

My name is Kayli Chadwick and I am a sophomore in the agriculture department. I have learned about beef and dairy cattle in class. My SAE project consists of working at a local ranch. My favorite FFA activity has been making ice cream during the dairy foods lesson. I look forward to learning more about beef cattle, dairy cattle, and agriculture in general. My goals in the FFA are to learn more and have a good understanding about cattle.

My name is Natalie Cheadle and I am a freshman at Cameron High School. This is my first year of being in the FFA program. My SAE is Agri-science Integrated Systems. I'm looking to research the weather in the region and around the country, and how its modernization continuously affects agriculture. My

My name is Rachel Riddle and I am a junior in the agriculture department. I have learned about learning the different types of plants in class. My SAE project is raising and selling Indian corn. My favorite FFA activity has been barnwarming. I look forward to learning different things in the FFA. My goals in the FFA are to go to state again.

My favorite FFA activity is our Barnwarming. A goal that I have for my first year in the Cameron FFA chapter is to further research my SAE so I can hit the ground running for my sophomore year, and hopefully win proficiencies and go onto State.

My name is Rachael Clark and I'm a freshman at Cameron High School. This is my first year as a member of the Cameron FFA chapter. My plan for a future SAE is still to be determined. My favorite activity in FFA is contest. I hope to make the food science team this year and qualify for state.

My name is Lily Cline and I am a freshman in the agriculture department. I have learned about dairy cattle judging in class. My plans for my SAE project is to show pigs. My favorite FFA activity has been barn warming. I look forward to trap shooting in the FFA. My goals in the FFA are to win districts for dairy cattle evaluation and go to the State FFA Convention to learn more about leadership.

Hi, my name is Lilyan Culver and I'm a freshman in the FFA. Since I am still new I haven't been in any contests, but plan to show and sell Icelandic sheep. My favorite activities so far have been the smelling contest, where we guessed the smells. My goal is to have healthy sheep, and be able to show them.

Hi, my name is Chloe Dawson. I'm a freshman in FFA. I haven't been in any contests yet but I plan to raise and sell baby chicks and make sure they are as healthy as they can get. My favorite thing we have done this year is the creed. I memorized it so fast I was proud of myself.

My name is James Eldredge and I am a freshman in the agriculture department. I have learned about beef cattle in class. My plans for my SAE project are to raise pigs. My favorite FFA activity has been the chapter FFA meetings. I look forward to learning more about agriculture in the FFA. My goals in the FFA are to learn more about farming and farm working.

My name is Jack Erickson and I am a freshman in the agriculture department. I have learned about different breeds of cows in class. My plans for my SAE project are to talk about my farm and how we run it. My favorite FFA activity has been making ice cream. I look forward to building in the FFA. My goals in the FFA are to learn to build and weld.

My name is Braylee Erwin, I am a Freshman at Cameron High School. This is my first year being in the FFA. My SAE is Fruit Production. My favorite activity this year was going to barnwarming. I plan on doing horse judging this year as a contest. This year I hope to place good in a contest on horse judging.

My name is Nathaniel Cooper and I am a 3rd year Cameron FFA member. My SAE project is in beef production and crop science. My favorite activity to do in the Cameron FFA program is barnwarming. My plan and goals for the year of 2022-2023 is to improve my record books, add onto my SAE project, and to be more involved with the Cameron FFA program.

My name is Tyler Estes and I am a freshman in the agriculture department. I have learned about how to make homemade ice cream in class. My SAE consists of lawn mowing and landscaping. My favorite FFA activity has been making the ice cream from scratch. I look forward to using the shop to build. My goals in agriculture are to build something cool using the knowledge I've obtained from being in agriculture class

My name is Zyra Fife and I am a freshman in Cameron High School. This is my first year of being in the FFA program. For my SAE I plan to do fruit production but I currently babysit. My favorite FFA activities are the chapter meetings and I look forward to contest season. One goal I have for this year is to be successful in on my contest team and with my SAE.

My name is Max Goddard and I am a freshman in the agriculture department. I have learned about dairy cattle and dairy science in class. My plans for my SAE project is to raise laying hens and sell the eggs. My favorite FFA activity has been having fun chapter meetings. I look forward to learning about swine science in the FFA. My goals in the FFA are to become proficient in poultry science and the chicken industry.

My name is Jaylee Cruickshank, I am a sophomore at Cameron High School. This is my second year being a member in the FFA program. My SAE's includes equine sciences, and specialty crop production. My favorite thing about the FFA so far is The National FFA Convention. Last year I was a member of the meat team, and this year I will be a part of the entomology team and my goal is to take 1st at the state contest.

My name is Janie Grable, I am a freshman at Cameron High School. I am a 1st year member of the Cameron FFA Chapter. My plan for my SAE is Bee Keeping. I will raise and keep bees, while collecting their honey to sell. I am planning to also be a member of the food science team for this year's chapter. My favorite FFA activity this year was barnwarming, and my goal is to become more involved in the chapter.

My name is Kinya Green and I am a freshman in the agriculture department. I have learned about dairy cattle in class. My plans for my SAE project are to bake cookies, muffins, etc. and sell them into the community. My favorite FFA activity has been the water balloon fight we had at a chapter FFA meeting. I look forward to more fun chapter meetings and expanding my Food Service SAE. My goal in the FFA is to become more knowledgeable over food science and the food industry.

My name is Jillian Hopkins and I am a freshman in the agriculture department. My favorite thing I have learned about in class has been how to evaluate the quality of dairy cattle. My SAE is Food Service Entrepreneurship. To explain further, I will be baking cookies, cupcakes, cake, etc. and selling them. My favorite FFA activity has been learning how to properly place dairy cattle. I look forward to expanding my SAE and growing my business of baking cookies. My goals in the FFA are to learn more about food science, agribusiness, and learn how to give a speech.

My name is Gunner Jarrett. I am a Freshman at Cameron High School. This is my first year of being in the FFA program. My SAE is poultry production. I am on the Food Science contest team. I am looking forward to contest this year.

My name is Chase Jorgensen and I am a freshman in the agriculture department. My favorite thing I have learned about in class is the FFA Creed written by E.M. Tiffany. I plan for my SAE to be gardening where I grow/sell vegetables and create

My name is Amelia Conley and I am a Sophomore in the agriculture department. I have learned about the different types of bugs in class. My SAE project raising a cow. My favorite FFA activity has been learning how to line dance for barn warming. I look forward to competition in the FFA. My goals in the FFA are to have fun and learn more.

salsa to sell. My favorite FFA activity has been the Gingerbread House Building Competition that we had at our Christmas chapter FFA meeting. I look forward to competing in the FFA Creed Speaking LDE. My goals in the FFA are to exert an influence in my home and community, build upon my SAE, and win districts in the FFA Creed Speaking contest.

My name is Kimberly Kirk and I am a freshman in the agriculture department. This year I have learned about judging dairy cattle in class. My SAE project is about fish keeping and Aquaculture. I keep Fancy Guppies in my 10 gallon tank. I keep my tank as natural as it could be with driftwood and real plants. I keep my tanks maintenance up and I make sure the tank is cleaned and has it's right bacteria in it. My favorite FFA activity has been presenting my fall speech. I look forward to my spring speech over animals in the FFA or trying out Extemporaneous Public Speaking. My goals in the FFA are to advance on to the State FFA LDE Competition.

My name is Cecie Krebs and I am a freshman at Cameron High School. This is my 1st year in the FFA program. My SAE is helping take care of my uncle's baby pigs and mowing lawns with dad. My favorite FFA activities so far were barnwarming, and chapter meetings. This year I hope to do well at contests.

My name is Dane Krebs and I am a freshman in the agriculture department. I have learned about dairy cattle in class. My SAE is Swine Production Placement where I work for a pork producer. My favorite FFA activity has been balloon fight. I look forward to making more friends in the FFA. My goals in the FFA are to make money through my SAE and be better than my sister in FFA events.

My name is Jacob Lloyd and I am a freshman in the agriculture department. I have enjoyed learning about the milk making process in class. My plans for my SAE project are to join Micah's future lawn care business. My favorite FFA activity has been making ice cream. I look forward to being in ag. class every day because the topics are interesting and I love learning where my food comes from. My goals in the FFA are

My name is Dylan Van Gundy. I am a sophomore in the Cameron agriculture department. This is my 2nd year in the ag program. My SAE is ag sales currently and doing things with farm animals. My favorite activity in FFA is the Contests. I hope to make the forest team this year and qualify for state.

to learn how to weld and learn how to raise farm animals.

My name is Jorgie Walker and I am a freshman in the agriculture department. One of my favorite things I have learned about in class is the FFA creed. My plans for my SAE project are in fruit production where I plan to grow my own apple trees. My favorite FFA activity has been building gingerbread houses at the chapter FFA meeting. I look forward to the chapter FFA banquet and receiving my Greenhand Degree. My goals in the FFA are to win districts and go to state for being proficient at my SAE and being an active member on the dairy cattle contest team.

My name is River Meadows and I am a freshman in the agriculture department. I have learned about dairy cattle and animal science in class. My SAE project is going to be fruit production. My favorite FFA activity has been saying the FFA Creed. I look forward to eating fruit and selling in the FFA. My goals in the FFA are to get all A's and to win a FFA competition.

My name is Kalan Nelsen and I am a freshman in the agriculture department. I have learned about dairy science in ag. class. My plans for my SAE project are to work on my grandparents cattle farm. My favorite FFA activity has been memorizing the FFA Creed. I look forward to working in the agriculture shop. My goals in the FFA are to learn more about agriculture.

My name is Victoria Polley and I am a freshman in the agriculture department. I have learned about different breeds of farm animals across all the major species in class. My SAE is Beef Cattle Entrepreneurship which means I have my own cattle company where I raise calves to sell. My favorite FFA activity has been learning how to make homemade ice cream. I look forward to Dairy Foods CDE in FFA. My goals in the FFA are to make it to districts/state in the Dairy Foods CDE and to improve my knowledge about agriculture

My name is Jordyn Reffitt and I am a freshman at Cameron High School. This is my first year of being in the FFA program. My SAE is fruit production. I am on the food science contest team. I am hoping to attend the FFA State Convention for contest. I am really looking forward to attending the banquet this year.

My name is Presten Reynolds and I am a freshman in the agriculture department. I have learned most about dairy science and how to identify different cheeses and defects in milk because of agriculture class. My SAE project is Food Service Placement and Turfgrass/Landscape Management. To elaborate, I help work my parents' food truck and I own my own lawn care/landscaping business. My favorite FFA activity has been learning how to line dance for the FFA Barnwarming. I look forward to trap shooting in the FFA and I am hoping to be competitive at it. My biggest goals in FFA are the following: make it to state/be on the A squad in trapshooting, make it to state in the Dairy Foods CDE, and learn as much about plant/food science as I can.

My name is Brody Schneider and I am a freshman in the agriculture department. I have learned the most about the FFA Creed in class. My plans for my SAE project are to weld for farms and other places. My favorite FFA activity was the water balloon fight we had at a chapter FFA meeting. I look forward to the dairy foods competition in FFA. My goals in the FFA are to get good grades and to do good in competition.

My name is Zaiden Smith and I am a freshman in the agriculture department. My favorite topic we discussed in class was animal science. My plans for my SAE project are to help with my family's two hives of bees and sell the honey. My favorite FFA activity has been learning about animals. I look forward to Trapshooting in the FFA. My goals in the FFA are to get good grades, become a great trapshooter, and to learn more about agriculture.

My name is Gracee Spicer and I am a Freshman at Cameron High School. This is my first year being in the FFA program. My SAE is raising and selling puppies. My favorite activity I've been to so far is Barnwarming. This year I hope to place well in the contest.

My name is Kymber Spicer and I am a freshman in the agriculture department. I have learned the most about the dairy industry and evaluation of dairy cattle in class. My plans for my SAE project are to breed my Labradoodle and raise puppies. My favorite FFA activity has been evaluating dairy cattle for their quality and milking ability. I look forward to learning more about agriculture and participating in the FFA Creed Speaking LDE. My goals in the FFA are to win districts and be the first place individual in the Dairy Cattle Evaluation CDE, win districts in the FFA Creed Speaking LDE, give a Division II speech next year, and to learn more about animal/veterinary science.

My name is Carissa Stuedle and I am a freshman in the agriculture department. My biggest achievement so far was competing at state for my MQHA (Missouri Quarter Horse Association) fall speech. My favorite thing that I have learned about in class is dairy cattle judging and evaluation. My SAE project is Equine Entrepreneurship, with an emphasis in breeding management tied in with promoting our breeding stock through national competitions. My favorite FFA activity has been learning to judge dairy cattle and participating in chapter FFA meetings. I look forward to being an active member in the FFA. My goals in the FFA are to win districts in my spring speech, win districts and be the top individual in the Dairy Cattle Evaluation CDE, and to become a chapter FFA officer.

My name is Devin Tootle. I am in the 9th Grade and a member of the Cameron FFA Chapter. My SAE is mowing yards in the summer. I have learned in Ag Science 1 how to do

My name is Kody Dawson and I am a sophomore in the agriculture department. I am a sophomore. I have learned about forestry in class. My SAE projects are raising cattle and making and selling cutting boards. My favorite FFA activity has been learning about forestry. I look forward to having the move on in life in the FFA. My goals in the FFA to have fun and leader new things.

creed speaking and all the different types of competitions like horse judging, food science and a lot more.

My name is Isaac and I am a freshman in the agriculture department. I have learned about animals in class. My plans for my SAE project are I'll do turf management. My favorite FFA activity has been our Ginger Bread House competition held at our December meeting. I look forward to more of the FFA meetings. My goals in the FFA are finish my SAE and have fun in ag.

My name is Nathan Turner and I am a freshman in the agriculture department. I have learned about animals in class. My plans for my SAE project are to do turf management. My favorite FFA activity has been barn warming. I look forward to FFA meeting. My goals in the FFA are have fun in ag and finish my SAE.

My name is Lexi Tyrrell and I am a Freshman in the agriculture department. My favorite thing I have learned in class was how to create a speech. My plans for my SAE project is to incubate eggs, hatch them, and sell the chicks. My favorite FFA activity has been Barnwarming. I look forward to becoming proficient in the Employment Skills LDE, where we do a mock job interview. My goals in the FFA are to win districts in the Employment Skills LDE and win a proficiency in poultry management.

My name is Cohen Vidal and I am a freshman in the agriculture department. I have learned about how to examine different types of cheese in class. My plans for my SAE project are to have my own mowing and landscaping business. My favorite FFA activity has been tasting cheese. I look forward to working in the shop in the FFA. My goals in the FFA are to work hard

My name is Trace Whitteck and I am a Freshman at Cameron High School. This is my first year as a member of the Cameron FFA chapter. My future SAE project is breeding

My name is Jayla Johnson and I am a sophomore in the agriculture department. I was on the poultry, food science, and the knowledge team, and I'm currently learning about entomology in class. I have also learned about the FFA Creed, and animals. I was also on the poultry team as well as the food science team. My plans for my SAE project is raising and breeding rabbits. I have already started on my SAE project and I have built a rabbit hutch for my rabbit and have 4 rabbits and one is for sale, which was from my first litter. I also have a job. My favorite FFA activity has been probably Barnwarming and the petting zoo. I look forward to the hands-on things and the competitions that we will be doing in the FFA. My goals in the FFA are to learn something new every day and that what I learn leads me to use FFA in my life when I grow up. I think that everybody that is in ag or FFA is doing something good for the community.

black and tan coonhounds. My favorite activity so far this year has been working on smelling scents for the food science team and to practice my everyday identification skills. One thing I am looking forward to is furthering my agricultural education.

My name is Harlee Willis and I am a freshman at Cameron High School. This is my first year of being in the FFA program. I plan to do for my SAE is to grow flowers. My favorite event from this year is Barnwarming. My goal for this year is to be more involved.

GOOD LUCK DRAGONS!

TEAMWORK

In School | In Sports | In Life

Teamwork is an important lesson, and it's something kids can learn and practice every day in and out of the classroom. It's up to us to set the example for today's kids by helping one another at home and in the community. Together, we are stronger. Together, we are happier. Together, we are a better team. Good luck to all of our teams this year. We're proud of you!
